Principal and Deputy Principal Message

Year 10 students today face many challenges that their parents could only have imagined. For many of our students the career that they will eventually pursue has not yet been invented. Students currently at school will have to cope with an average of five changes to their career path within their working lives and will most likely undertake a combination of full time and part time work throughout their careers. Burwood Girls High School provides a range of courses to enable our students to meet these challenges.

Burwood Girls High School is able to offer a broad curriculum in 2024 to allow our students to have a greater choice in the pattern of courses they select. This will provide opportunities for students to develop a range of skills and attain credentials that will assist them in pursuing their chosen career. [No more than 13 units should be studied in Year 11 at school (including Open High School). Students electing to do a TAFE or Saturday School course will start the year with 14 units until notification of successful entry to the external course.]

For Year 11 Students in 2024 the following options are available:

- a traditional pattern of NESA courses designed to lead to further study at University;
- a pattern of courses that includes a combination of NESA courses and other courses based on vocational or personal interests may lead to further study at University;
- a pattern of courses focusing on work and designed to develop a range of skills necessary in gaining employment;
- a pattern of courses that includes a combination of courses studied at school and courses studied at TAFE.

Pathways

The structure of the NSW Higher School Certificate was changed in 2000 so that students are able to complete their studies over a number of years or return to school to complete HSC studies after leaving to get a job. Most of our students, however, will continue to complete the HSC over two years, in Year 11 and Year 12.

All HSC NESA courses are divided into 'Preliminary' and 'HSC' courses. Preliminary courses will be taught in Year 11, while HSC courses will be mostly taught in Year 12. Students must complete 'Preliminary' courses before an 'HSC' course can be commenced.

This booklet will guide students in making a choice about the pattern of subjects that will best meet their individual needs in relation to further study and their vocational and personal interests. Use it in conjunction with the information and ideas available on the BGHS Subject Selection Website: <https://burwoodgirlshs.wixsite.com/bghssubjectselection> and on the Information Evening on Monday 25 July 2022.

Remember that your teachers, in particular your Year Adviser and Careers Adviser, are always available to help.

Mia Kumar
Principal

Katherine Lye
Deputy Principal

Lorus Hi
Year 11 Adviser 2024

Pattern of Study Requirements

Each course in the Senior School is comprised of two components:

1. A Preliminary (Year 11)
2. A HSC (Year 12) course.

Satisfactory completion of the Preliminary course is a prerequisite for entry into an HSC course.

Candidates for the Higher School Certificate in 2025 must undertake a program of study comprising at least:

- 12 units of Preliminary course; (Year 11 – 3 terms)
- 10 units of Higher School Certificate courses (Year 12 – 4 terms starting Term 4 Year 11)

Both the Preliminary course pattern and the HSC course pattern must include:

- at least six units of NESA Developed Courses;
- at least two units of a NESA Developed Course in English;
- at least three courses of two units value (or greater); and
- at least four subjects.

No more than six preliminary units and six HSC units from courses in Science can contribute to Higher School Certificate eligibility.

In order to receive the HSC you must:

- study an approved pattern of Preliminary and HSC courses
- have a satisfactory record of attendance and application in each course
- satisfactorily undertake the school's Assessment program in each course including oral, practical and project work required for specific courses
- complete a sufficient number of Preliminary and HSC courses within five examination years.

The current two-year program of study is the usual method of completing the HSC, however provisions exist to allow students flexibility to accumulate the HSC over up to five years. Decisions about students who demonstrate the need to use this system of accumulation will be made by the Principal after negotiation with the student and their family.

It is envisaged that Burwood Girls High is able to offer a broad senior curriculum in 2024 to allow our students to have a greater choice in the pattern of courses they select. This will provide opportunities for students to develop a range of skills and credentials that will assist them in pursuing their chosen career.

Types of Courses

NESA Developed Courses

- are designed by NESA
- have a unit value of 2 units
- are assessed by an HSC external examination as well as school-based assessment
- contribute to the ATAR.

NESA Endorsed Courses (NEC)

- are designed by NESA
- have a large degree of flexibility so schools can choose which options suit them best
- can be 1 or 2 unit courses studied over one or two years
- are assessed by the school
- appear on the HSC but do not contribute to the ATAR.

Extension Courses

- are 1 unit courses which build upon the contents of the 2 unit NESA Developed course and require students to work beyond 2 unit standard
- HSC extension courses in subjects other than English and Mathematics are offered and examined in Year 12 only
- contribute to the ATAR

Vocational Education and Training (VET) Courses

- can be delivered by schools, TAFEs or other providers
- accredited by industry and the workplace
- competency based and is a 240-hour course
- can be framework courses
 - can be assessed by an HSC external exam
 - can contribute to the ATAR
 - mandatory workplace component (35 hours per year)
 -
- can be *non-framework* courses
 - appear on Preliminary or HSC Record of Achievement
 - do not contribute to the ATAR
 - internal assessment only.

NB: Courses in this book are NESA Developed courses **unless** specifically shown as a NESA Endorsed course or Vocational Education and Training course.

Credentialing

1. HSC Testamur

All eligible students will also receive an HSC. To be eligible, students must follow the required pattern of study, attempt the HSC examinations, and have been assessed in the prescribed manner.

2. Record of School Achievement (RoSA)

The RoSA is a cumulative credential that is available to all students who leave before receiving their HSC and have satisfied the eligibility requirements. The RoSA records completed Stage 5 + Preliminary Stage 6 courses and grades. This document is accessed online through the *NESA – Students Online*: <https://studentsonline.nesa.nsw.edu.au/>. Students who complete the HSC will see all their Stage 6 (Year 11 & Year 12) courses and results on their HSC.

3. Course Report

A report will be issued for each course. The report will include:

- an HSC mark located in one of the performance scale bands with a description of the knowledge, skills and understanding typically demonstrated by students in that band. This mark is derived from an average of the exam mark and school based assessment.
- a moderated assessment mark out of 100.
- an examination mark out of 100.
- a mark out of 50 for extension courses.

The Principal will be required to certify satisfactory completion of HSC courses, as evidenced by attendance, conduct and progress.

4. HSC / TAFE Credit Transfer

You can use your HSC and Assessment Marks to complete a TAFE course more quickly ie. gain Advanced Standing.

Advanced standing means that students completing some HSC courses at satisfactory level may count these towards a TAFE award. They will then not have to study certain subjects or modules in the TAFE course. It may allow you to gain your TAFE qualification faster. Depending on the types of subjects studied in the HSC, students may be granted up to 75% advanced standing.

5. The Australian Tertiary Admission Rank (ATAR)

If you wish to go to university, you must apply for an ATAR. The requirements for the Australian Tertiary Admission Rank (ATAR) are determined by the universities. The ATAR is calculated by the Universities' Technical Committee on Scaling on behalf of universities in all states and territories (except Queensland). A candidate's ATAR is calculated from the scaled aggregate of the marks in the best ten units in NESA Developed HSC courses, subject to the following restrictions:

- at least two units of English must be included;
- at least three NESA Developed Courses of two units value or greater must be included;
- courses from at least four subjects must be included;

The universities categorise NESA Developed Courses as either Category A or Category B. The Category B

Subject Information

In this section you will find:

- Suggestions for how you should choose your subjects
- Information about University prerequisites
- A one page summary of each of the subjects offered at BGHS
- The cost of each subject

Choosing Subjects

It is imperative that students who are considering going on to Year 11 make their subject and unit choices wisely based on what requirements are needed for their future career.

Be guided by the following rules:

ABILITY	Choose subjects and levels you are good at
INTEREST	Choose subjects and levels you are interested in
MOTIVATION	Choose subjects you really want to learn
FUTURE	Choose the pathway and subjects which will best assist you in your future career plans

In choosing your subjects, it is recommended you talk to some or all of the following people who can help you decide:

- Deputy Principal (Ms Lye)
- Class Teachers
- Year Adviser (Ms Muscat)
- School Counsellor (Ms Boddeus)
- The International Student Coordinator (Ms Alvarado)
- Careers Adviser (Mr Hegedus)
- Head Teachers
- Parents / Family
- Older students

University Prerequisites

A growing number of university courses have prerequisites in order to gain entry. Students are encouraged to see the Careers Adviser, Mr Hegedus, if they have specific questions about this.

Following is information that may be of interest to a significant number of students

- The **University of Sydney** now has a number of courses that require the achievement of a **Band 4 in at least Mathematics 2 Unit**. The following courses have this compulsory prerequisite: Animal and Veterinary Sciences, Commerce and Economics, Computer Science and IT, Mathematics and Science teachings, Engineering, Medical Science, Pharmacy, Project Management, Psychology (in Science) and all Science degrees
- Students considering a career in Primary School Teaching are advised to undertake Mathematics Standard or 2U Mathematics as a minimum, as it is a Department of Education requirement for primary education teaching.

Summary of Courses on offer at BGHS 2024

Note:

1. Not all courses may be offered.
2. Overview of each course follows.
3. English is the only compulsory HSC subject.
4. No more than 6 units of Science may be taken.
You cannot combine Senior Science with any other Science subject in Year 11.

Subject: Aboriginal Studies

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Aboriginal Studies is designed to foster intellectual, social and moral development by enabling students to think critically about the historical and contemporary experiences of Aboriginal peoples. Through this study students will develop a heightened understanding and appreciation of the concepts of social justice and shared histories, and will critically examine their role as active and informed citizens.</p>	
<p>In the Preliminary Course, you will study:</p> <p>Pre-contact to 1960s. Part I- Aboriginality and the Land Part II- Heritage and Identity Part III- International Indigenous Community: Comparative Study Part IV- Research and Inquiry Methods: Local Community Case Study An aspect of the local community from pre-contact to the present</p>	<p>In the HSC Course, you will study:</p> <p>Part I- Social Justice and Human Rights Issues A- Global Perspective B- Comparative Study Part II- Case study of an Aboriginal Community Part III- Research and Inquiry methods- Major Project</p>
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • In class essay • Viva Voce • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Major Research Project • Presentation • In-class essay • Trial HSC exam
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • Section I- Multiple Choice and Short Answers • Section II- Extended Response • Section III- Extended Response broken into two parts 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Thinking about the real history of Australia can be very confronting. • The major project – this requires discipline and self-direction 	<ul style="list-style-type: none"> • You have a strong sense of social justice • You are someone interested in cultures other than the dominant Western culture • You enjoy expressing your learning in a number of ways, for example, writing, art, photography, dance and song

Subject: Ancient History

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Ancient History engages students in an investigation of life in early societies based on the analysis and interpretation of physical and written remains. It offers students the opportunity to investigate the possible motivations and actions of individuals and groups, and how they shaped the political, social, economic and cultural landscapes of the ancient world. Students will develop knowledge and understanding of a range of features, people, places, events and developments of the ancient world in their historical context.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • The Investigation of Ancient Sites and Sources • A Historical Investigation • Deir el-Medina (Egypt) • Women in Egypt, Greece & Rome • The Colosseum (Rome) 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Pompeii and Herculaneum • Ancient Society (Egypt or Greece) • Historical Period (New Kingdom Egypt or Fall of the Roman Republic) • Personality Study (Hatshepsut or Julius Caesar)
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Presentation • Research essay • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • In-class test • Source analysis • Essay • Trial HSC exam
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • Section I- Short Answers • Section II- Source analysis Short Answers • Section III- Extended Response question broken into two parts • Section IV- Extended Response 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Learning the content from reading the texts and stories • Learning how to structure a history essay • Knowing what information is relevant to support arguments or ideas 	<ul style="list-style-type: none"> • You love learning about other cultures or people in other places and times • You like discussing the interesting stories about ancient figures and drawing parallels to modern people • You like learning about the great deeds and terrible mistakes people have made in the past

Subject: Biology

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Biology explores the diversity of life from a molecular to a biological systems level. The course examines the interactions between living things and the environments in which they live. It explores the application of biology and its significance in finding solutions to health and sustainability issues in a changing world. Through applying Working Scientifically skills processes and the use of biological technologies, the course aims to examine how biological practices are developed and used.</p>	
<p>In the Preliminary Course, you will study:</p> <p>In the Year 11 Course, students will develop knowledge and understanding of the structure and function of organisms. This will include a study of:</p> <ul style="list-style-type: none"> • Cells as the basis of life • Organisation of living things • Biological diversity • Ecosystem dynamics 	<p>In the HSC Course, you will study:</p> <p>In the Year 12 course, students will develop knowledge and understanding of heredity and genetic technologies. This will include a study of:</p> <ul style="list-style-type: none"> • Heredity • Genetic change • Infectious disease • Non-infectious disease and disorders
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Practical / Written Task in class • A Research / Written Task in class • Final Preliminary Examination 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Research / Written Tasks in class • A written test in class • Trial HSC Examination
<i>What does the HSC Exam look like for this subject?</i>	
<ul style="list-style-type: none"> • Section I – 20 Multiple Choice • Section II – 10 to 15 questions where at least two items will be worth 7-9 marks 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • A large amount of content knowledge to be learned • The language of Biology 	<ul style="list-style-type: none"> • you are interested in the health and biology of the human body, genetic science and the natural environment. • you enjoy practical investigations

Subject: Business Studies

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Business Studies investigates the theoretical and practical aspects of business in ways you will encounter throughout your lives. You will learn all about business from the planning of a small business to the management of operations, marketing, finance and human resource in large businesses. Business Studies fosters intellectual, social and moral development by helping you to think critically and solve problems about the role of business and its ethical responsibilities to society.

In the Preliminary Course, you will study:

- Nature of Business – the role and nature of business
- Business Management – the nature and responsibilities of management
- Business Planning – establishing and planning a small to medium enterprise

In the HSC Course, you will study:

- Operations – strategies for effective operations management
- Marketing – development and implementation of successful marketing strategies
- Finance – financial information in the planning and management of business
- Human Resources – human resource management and business performance.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Business Report
- Business Plan
- Preliminary Exam

In the HSC Course, your assessments will typically include:

- Business Report
- Topic Test
- Extended Response
- Trial HSC exam

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- Section I- Multiple Choice
- Section II- Short Answers
- Section III- Business Report
- Section IV- Extended Response

What have past students found challenging about this subject?

- Understanding the interdependence of business functions and concepts
- Keeping up to date with contemporary businesses and current issues outside the prescribed text
- Applying business concepts and terminology in extended responses that are cohesive and demonstrate logical connections

You might love this subject if...

- Have a passion for business
- Interested in what may impact the success or failure of businesses
- Curious about the strategies that businesses use in their Operations, Marketing, Finance and Human Resource Management

Subject: Chemistry

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Chemistry explores the structure, composition and reactions of and between all elements, compounds and mixtures that exist in the Universe. The discovery and synthesis of new compounds, the monitoring of elements and compounds in the environment, and an understanding of industrial processes and their applications to life processes are central to human progress and our ability to develop future industries and sustainability. Students will develop skills to work scientifically and will be required to engage in practical investigations.</p>	
<p>In the Preliminary Course, you will study:</p> <p>In the Year 11 course, students will develop knowledge and understanding of the fundamentals of chemistry. Modules studied include:</p> <ul style="list-style-type: none"> • Properties and Structure of Matter • Introduction to Quantitative Chemistry • Reactive Chemistry • Drivers of Reactions 	<p>In the HSC Course, you will study:</p> <p>In the Year 12 course modules studied include:</p> <ul style="list-style-type: none"> • Equilibrium and acid reactions • Acid/base reactions • Organic Chemistry • Applying chemical ideas
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Practical / Experimental Task in class • A Research / Written Task in class • Final Preliminary Examination 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Practical / Experimental Task in class • A Research / Written Task in class • A written test in class • Trial HSC Examination
<i>What does the HSC Exam look like for this subject?</i>	
<ul style="list-style-type: none"> • Section I – 20 Multiple Choice • Section II – 10 to 15 questions where at least two items will be worth 7-9 marks 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Chemical formulae, equations, problem solving • The language of Chemistry and many new concepts • The rate at which learning proceeds 	<ul style="list-style-type: none"> • You enjoy experiments and practical investigations • You like problem solving and learning ideas with real world applications • You enjoy understanding how chemicals interact

Subject: Community and Family Studies

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Community and Family Studies is designed to develop in each student an understanding of the diverse nature and interdependence of families and communities, within Australian society. The course enables students to plan and manage resources effectively in order to address contemporary issues facing families and communities.

In the Preliminary Course, you will study:

- Resource Management - Basic concepts of the resource management process
- Individuals and Groups - The individual's roles, relationships and tasks within groups
- Families and Communities - Family structures and functions and the interaction between family and community

In the HSC Course, you will study:

- Research Methodology culminating in the production of an Independent Research Project
- Groups in Context - The characteristics and needs of specific community groups
- Parenting and Caring - Issues facing individuals and groups who adopt roles of parenting and caring in contemporary society
- And one of the following HSC option modules
 - Family and Societal Interactions
 - Social Impact of Technology
 - Individuals and Work

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Resource Management Class Activity
- Case Study and Scavenger Hunt
- Preliminary exam

In the HSC Course, your assessments will typically include:

- Research Methodology Independent Research Project
- Case Study
- Parenting and Caring in class task
- Trial HSC Exam

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- 20 multiple choice
- Short Answer questions
- Section II – Extended response

What have past students found challenging about this subject?

- Time management for Independent Research Project
- Learning to think for yourself and not being given heaps of notes to rote learn
- Trying to understand complex social concepts
- Some don't like gathering information from interviews, observation, statistics and questionnaires instead of just researching things on the internet

You might love this subject if...

- You are interested in individuals and their interaction with society
- You are interested in developing skills in decision making and research methodology
- You are interested in a career in Human Resource Management, Teacher, Welfare Officer, Counsellor, Researcher, Recruitment Officer, Sociologist, Psychologist
- You like using every day experiences to support your understanding

Subject: Dance

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes (Written and Practical)	Length of HSC Written Exam: 1 hr (Core Appreciation)

What will I be doing in the course?

Overview: In Dance Stage 6, students are able to study dance as a unique artform in which the body is the instrument for non-verbal communication and expression. The study of dance as an art form within the school environment is of special educational value to the students' total development, as it offers students new ways of learning through the performance, composition and appreciation of dance.

In the Preliminary Course, you will study:

Students undertake a study of Dance as an art form. Students studying Dance bring with them a wide range of prior dance experience. Previous experience is not a requirement, however, it is an advantage. Physical training and preparation of the body is fundamental and of paramount importance to the course, and informs all three components of the course. Components include Performance (40%), Composition (30%), and Appreciation (30%).

In the HSC Course, you will study:

In the HSC Course, students continue common study in the three core components of Performance (20%), Composition (20%) and Appreciation (20%). They also undertake an in-depth Major Study project (40%), selecting from the following components: Performance, Composition, Appreciation or Dance and Technology (with the option of Film and Video or Choreographing the Virtual Body).

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Performances
- Group and individual compositions
- Written analysis (of own performance and of professional works)
- Written exam

In the HSC Course, your assessments will typically include:

- Individual performance & informal interview
- Individual composition, written rationale & elaboration
- Written analysis of a specified professional work
- In class essay about specified works
- Others dependent on Major Study electives

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- **Core Performance (20%)** – performance of a 3 – 5 minute dance, followed by a 6 minute interview.
- **Core Composition (20%)** – performance of a 3 – 5 minute dance, choreographed by you, performed by another dancer from the school, 300 word rationale & 6 minute interview explaining your composition.
- **Core Appreciation (20%)** - 60 minute written exam, 2 extended response questions.
- **Major Study Work (40%)** – dependant on elective choice:
 1. **Performance** – 4-6 minute dance, up to 9 minute interview.
 2. **Composition** – 4-6 minute dance with 2-3 dancers, 300 word rationale, up to 9 minute elaboration.
 3. **Appreciation** – 75 minute written exam, 3 extended response questions.
 4. **Dance and Technology (Film & Video)** - 4 – 6 minute film, 300 word rationale, up to 12 minute elaboration.
 5. **Dance and Technology (Choreographing the Virtual Body)** - 4 – 6 minute dance generated on computer software, 300 word rationale, up to 12 minute elaboration.

<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Having the practical examinations earlier than the HSC Exams (Week 4/5, Term 3). • Managing their time in the lead up to the practical examinations. 	<ul style="list-style-type: none"> • You love to dance. • You love creating your own dances. • You enjoy having a creative/physical outlet. • You want to get 80% of your course finished early so you can concentrate on your other courses in the lead up to the HSC Exams.

Subject: Design and Technology

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes	Length of HSC Written Exam: 1.5 hrs

What will I be doing in the course?

Overview: Design and Technology has a unique focus on creativity, innovation and the successful implementation of innovative ideas. Students will investigate the importance of evaluation, the role of computer-based technologies, management, communication and collaborative design, as well as exploring current and emerging technologies. Through the completion of quality design projects, students are provided with the opportunity to develop specific production and manufacturing skills.

In the Preliminary Course, you will study:

Involves the study of both designing and producing. This is explored through areas such as design theory and practice, design processes, environmental and social issues, communication, research, technologies, and the manipulation of materials, tools and techniques. The course involves hands-on practical activities which develop knowledge and skills in designing and producing. Students will complete at least two design projects. These projects involve the design, production and evaluation of a product, system or environment and includes evidence of the design process recorded in a design folio.

In the HSC Course, you will study:

It involves the development and realisation of a Major Design Project, a case study of an innovation, along with the study of innovation and emerging technologies. The study of the course content is integrated with the development of a Major Design Project, worth 60% of the HSC mark. This project requires students to select and apply appropriate design, production and evaluation skills to a product, system or environment that satisfies an identified need or opportunity. The case study of an innovation requires students to identify the factors underlying the success of the innovation selected, analyse associated ethical issues and discuss its impact on Australian society.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Take home written assessment
- Design Product/system and Design folio documentation
- Prelim Exam

In the HSC Course, your assessments will typically include:

- Trial Exam
- Innovation Case Study Written Task
- Two progress assessments on Major Design Project and Design Folio

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- 10 multiple choice
- Unseen short to medium length answers
- 1 Extended Responses approx. 4 pages

What have past students found challenging about this subject?

- Process documentation is a big part of the course, it's not all practical
- A willingness to continuously problem solve is very helpful

You might love this subject if...

- You have great ideas about how to make the world a better or more interesting place
- Love design and like technology
- If you are interested in careers related to design, TAS teaching, technology designer

Subject: Drama

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes	Length of HSC Written Exam: 1.5 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Students study the practice of theatre through self-devising original pieces, studying and staging the works of professional theatre-makers and critically evaluating their own practices and the work of others. In Drama, students engage with these components through collaborative and individual experiences.</p>	
<p>In the Preliminary Course, you will:</p> <ul style="list-style-type: none"> • Study and implement contemporary approaches to theatre-making and actor-training. • Devise and stage original theatrical pieces including a public class production. • Learn and refine the skills and conventions of analytical writing for Drama. 	<p>In the HSC Course, you will explore four (4) areas of study.</p> <ul style="list-style-type: none"> • Two topic areas, Australian Drama & Theatre and Studies in Drama and Theatre. These theoretical studies are approached through practical workshops, analysis and discussion of the themes, issues, styles and genre of chosen set texts. • Students devise and stage a short Group Performance of 8 to 12 minutes duration, involving 3-6 students. • Students must also complete an Individual Project where they demonstrate their expertise in a particular area. They choose one project option from Critical Analysis or Design or Performance or Script-writing or Video Drama.
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • performance tasks • prepared written responses • exams 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • performance tasks • projects • prepared written responses • exams
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • 90 min written examination of two topics (two extended response questions) • submission / performance of Individual Project • presentation of Group Performance. 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • cooperative learning approach • organisation of an independent learning process • public assessment 	<ul style="list-style-type: none"> • you're a collaborative learner • a critical and enquiring thinker • an expressive communicator • someone who seeks to hone her creative-performance skills.

Subject: Earth and Environmental Science

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: <i>Earth and Environmental Science</i> explores the Earth's renewable and non-renewable resources and also environmental issues. An understanding of the Earth's resources and the ability to live sustainably on the planet is a central purpose of the study of Earth and Environmental Science.</p>	
<p>In the Year 11 Preliminary Course, you will study the following modules:</p> <ul style="list-style-type: none"> • Earth's resources • Plate tectonics • Energy transformations • Human Impacts 	<p>In the Year 12 HSC Course, you will study the following modules:</p> <ul style="list-style-type: none"> • Earth's processes • Hazards • Climate science • Resource management
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Practical / Experimental Task in class • A Research / Written Task in class • Final Preliminary Examination 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Practical / Experimental Task in class • A Research / Written Task in class • A written test in class • Trial HSC Examination
<i>What does the HSC Exam look like for this subject?</i>	
<ul style="list-style-type: none"> • Section I – 20 Multiple Choice • Section II – 10 to 15 questions where at least two items will be worth 7-9 marks 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Significant range of content to be learned 	<ul style="list-style-type: none"> • You enjoy experiments and practical investigations • You like to understand the human impact on the environment and climate, and solutions for sustainability. • You enjoy understanding Earth processes such as produce earthquakes and volcanoes

Subject: Economics

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Economics investigates how resources are distributed throughout the world and Australia and the impact this has on individuals, governments and business. Economics develops students' knowledge and understanding of the operation of the global economy, the Australian economy and the world we live in. Economics also develops student's critical thinking and analytical skills.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Introduction to Economics • Consumers and Business • Markets • Labour Markets • Financial Markets • Government in the Economy 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • The Global Economy • Australia's Place in the Global Economy • Economic Issues • Economic Policies and Management
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Contemporary economic issue analysis • In- class test • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • China case study • In - class essay • In- class test • Trial HSC Exam
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • Section I- Multiple Choice • Section II- Short Answers • Section III- Stimulus Extended Response • Section IV- Extended Response 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Course requires keeping up to date with economic policy and indicators-reading current articles/media • Course often requires higher order thinking skills • Requires good communication skills 	<ul style="list-style-type: none"> • You are concerned with Global and Australian issues such as inequality, environmental sustainability and financial volatility • You want to understand the world and government decisions • You want to change the world • You love logic

Subject: English Advanced

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Exam: 1 x 1.5hr and 1 x 2hr

What will I be doing in the course?

Overview: English Advanced is designed for students who want to undertake the challenge of higher order thinking to enhance their personal, social, educational and vocational lives. These students apply critical and creative thinking skills in their responses to complex texts in order to develop their academic achievement by employing sophisticated ways to use language to make meaning. Students examine the ways that events, experiences, ideas, values and processes are explored in texts and analyse the ways in which meaning is shaped. They evaluate the effectiveness of a range of texts from different time periods for different purposes and audiences.

In the Preliminary Course, you will study the following modules:

- Reading to Write
- Narratives that Shape our World
- Critical Study of Literature

You will be given experience in a range of types of texts, including Australian texts, texts written about intercultural experiences and the peoples and cultures of Asia, and texts with a wide range of cultural, social and gender perspectives.

In the HSC Course, you will study the following modules:

- Texts and Human Experiences
- Textual Conversations
- Critical Study of Literature
- The Craft of Writing

Students are required to closely study four prescribed texts, one drawn from each of the following categories:

- Shakespearean drama
- Prose fiction
- Poetry OR drama

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Reading, Writing, Speaking, Listening, Viewing and Representing

In the HSC Course, your assessments will typically include:

- Reading, Writing, Speaking, Listening, Viewing and Representing

What does the HSC Exam look like for this subject?

Two exams on two separate days:

Paper 1: 4-5 short answer questions based on stimulus and/or unseen texts, and a sustained response based on a Prescribed Text

Paper 2: Two Sustained responses based on Prescribed Texts, and a composition with self-reflection

What have past students found challenging about this subject?

- High level of critical analysis skills.
- Analysing and writing about Shakespearean texts
- Responding to and composing texts critically and imaginatively from different time periods
- Expectation that you can use language in complex and subtle ways to express experiences.
- An appreciation of aesthetic values in order to enhance understanding of literary expression.

You might love this subject if...

- You are a critical and sophisticated user of English.
- You have a particular interest and ability in the subject.
- You enjoy challenging learning experiences.
- You enjoy a breadth and variety of texts.
- You are a regular reader you are advanced in these skills.
- You are a flexible and critical thinker.
- You enjoy exploring ideas and texts conceptually in writing.

Subject: English Standard

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Exam: 1 x 1.5hr and 1 x 2hr

What will I be doing in the course?

Overview: English Standard is designed for all students to increase their expertise in English and provide students with the opportunity to analyse, study and enjoy a breadth and variety of English texts to enhance their personal, social, educational and vocational lives. Students examine the ways that events, experiences, ideas, values and processes are explored in texts and analyse the ways in which meaning is shaped. The students learn to respond to and to compose in response to a wide variety of texts in a range of situations to be effective, creative and confident communicators.

In the Preliminary Course, you will complete the following modules

- Reading to Write: Transition to Senior English
- Contemporary Possibilities
- Close Study of Literature

Within these modules, you will study ONE complex multimodal or digital text (eg a film) and at least ONE substantial literary print text (eg prose fiction, drama or a poetry text). You will be given experience in a range of types of texts, including Australian texts, texts written about intercultural experiences and the peoples and cultures of Asia, and texts with a wide range of cultural, social and gender perspectives.

In the HSC Course, you will study the following modules:

- Texts and Human Experiences
- Language, Identity and Culture
- Close Study of Literature
- The Craft of Writing

You will be required to study three types of prescribed texts, one drawn from each of the following categories:

- prose fiction,
- poetry OR drama,
- film OR media OR non-fiction.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Reading, writing, speaking, listening, viewing and representing

In the HSC Course, your assessments will typically include:

- Reading, writing, speaking, listening, viewing and representing

What does the HSC Exam look like for this subject?

Two exams on two separate days:

Paper 1: 4-5 short answer questions based on stimulus and/or unseen texts, and, a sustained response based on a Prescribed Text

Paper 2: Two Sustained responses based on Prescribed Texts, and, a composition with self-reflection

Continued next page

<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • The academic framework that still focuses on deconstructing literature • The opportunity to explore personally selected related texts to inform and extend arguments. • Interpreting concepts and presenting these in extended responses • Representing knowledge in an imaginative form • Articulating ideas in a fluid and logical manner 	<ul style="list-style-type: none"> • You are a thinker who seeks and accepts guidance with responding to texts. • You enjoy critical thinking experiences. • You enjoy a breadth and variety of English texts.

Subject: English as a Second Language

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 exams Paper 1: 1.5hr, Paper 2: 1hr, Paper 3: 30min

What will I be doing in the course?

Overview: This Course, has eligibility requirements. Students must have studied in an Australian educational institution (or an English speaking overseas institution) for no more than 5 years. For most students, this means starting school in Australia no earlier than the middle of Year 6. Students engage in a variety of language learning experiences to develop and consolidate their use, understanding and appreciation of Standard Australian English, to enhance their personal, social, educational and vocational lives. The students learn to respond to and compose a wide variety of texts in a range of situations in order to be effective, creative and confident communicators.

In the Preliminary Course, you will study:

- A variety of texts looking at critically analysing for how composers make meaning

In the HSC Course, you will study:

- A variety of texts looking at critically analysing for how composers make meaning

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- listening, reading, writing and viewing task

In the HSC Course, your assessments will typically include:

- listening, reading, writing and viewing task

What does the HSC Exam look like for this subject?

Three exam papers on two separate days:

Paper 1: Unseen texts and short answer responses, and, sustained response on a prescribed text, and, sustained creative response

Paper 2: Two sustained responses on prescribed texts

Paper 3: Listening Paper

What have past students found challenging about this subject?

- The language is sophisticated and academic in readiness for university
- The study of contemporary texts is rigorous in both understanding and responding
- Cultural knowledge of Australia is required

You might love this subject if...

- You love stories
- You are interested in improving your communication skills
- You are interested in concepts and ideas
- You want a thorough preparation for academic English required for university
- You desire access to Australian culture
- You want to develop confidence in speaking listening, reading and writing in English

Subject: English Preliminary Extension 1

Number of units: 1	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 2 hours

What will I be doing in the course?

Overview: English Extension is designed for students undertaking English Advanced who choose to study at a more intensive level in diverse but specific areas. They enjoy engaging with complex levels of conceptualisation and seek the opportunity to work in increasingly independent ways. Through engaging with increasingly complex concepts through a broad range of literature, from a range of contexts, students refine their understanding and appreciation of the cultural roles and the significance of texts. The course is designed for students with an interest in literature and a desire to pursue specialised study of English.

In the Preliminary Course, you will study:

- The module: Texts, Culture and Value
- A related research project

Teachers will prescribe ONE text from the past and its manifestations in one or more recent cultures

Students will select ONE text and its manifestations in one or more recent cultures

In the HSC Course, you will study:

- The module: Literary Worlds with ONE elective option.

Students will study at least THREE texts from a prescribed text list, two of which must be extended print texts. Students are also required to study at least TWO related texts.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- A critical essay
- A presentation
- A written reflection
- A creative response

In the HSC Course, your assessments will typically include:

- A critical essay
- A presentation
- A written reflection
- A creative response

What does the HSC Exam look like for this subject?

One two hour exam with two sections:

Section 1: Question in response to stimulus and/or unseen material. May be in two parts. May require a critical or creative response

Section 2: Sustained critical response

What have past students found challenging about this subject?

- The conceptual sophistication of the coursework
- The synthesis of complex

You might love this subject if...

- You have a wide passion for the wide world of literature and the art of the written word.
- You want the opportunity to develop your authorial voice

Subject: English Studies

Number of units: 2	NESA Developed: Yes
ATAR: Yes (optional)	Major Work: No
HSC Exam: Yes (optional)	Length of HSC Exam: 2.5 hours
<i>What will I be doing in the course?</i>	
<p>Overview: English Studies is a NESA Developed Course, and has an optional HSC exam for those who wish to receive an ATAR. English Studies is designed for students who wish to refine their skills and knowledge in English and consolidate their English literacy skills to enhance their personal, social, educational and vocational lives. It is a Course, for students who wish to be awarded a Higher School Certificate, but who are seeking an alternative to the English Standard course.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • The module - Achieving through English: English in education, work and community • An additional 2-4 modules chosen from a broad list of 14 modules including, for example, Telling us all about it: English and the media; Digital Worlds: English and the Web; MiTunes and Text: English and the language of song. 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • The module: Texts and the Human Experiences • An additional 2-4 modules from a broad list of 14 (as per Year 11)
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A range of text types such as: extended response, speech, biography, letter and review 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A range of text types such as: extended response, speech, biography, letter and review
<i>What does the HSC Exam look like for this subject?</i>	
<p>One paper with FOUR sections:</p> <ul style="list-style-type: none"> • Section 1: 4-5 short answer question based on stimulus or unseen texts • Section 2: Sustained response based on a Prescribed text • Section 3: Sustained response which may include a stimulus • Section 4: Imaginative, persuasive, informative or reflective response to stimulus and/or unseen text 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Like all HSC courses, English Studies requires students to be organised, focused and, at times, independent learners 	<ul style="list-style-type: none"> • You want to study and enjoy a range of text types, including real life texts • You are more focused on vocational pathway after school • You want to develop your literacy and literary skills.

Subject: Enterprise Computing

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No but project work involved
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
The study of HSC Enterprise Computing enables students to develop an understanding of the function and purpose of digital tools and processes, and the importance of data in enterprise information systems. This allows students to effectively use and manage digital tools and technologies in commercial and other settings.	
In the Year 11 (120 Hour) Course, you will study: <ul style="list-style-type: none"> • Developing Multimedia Experiences (40 hours) • Connecting with Intelligent Systems (40 hours) • Creating Enterprise Systems using Informatics (40 hours) 	In the Year 12 (120 hours) HSC Course, you will study: <ul style="list-style-type: none"> • Communicating through Visualisations (25 hours) • Creating Secure Data Systems (25 hours) • Integrating Hardware with Software (25 hours) • Leveraging Intelligent Networks (25 hours) • Enterprise Project (20 hours)
<i>How is this subject assessed in school?</i>	
In the Year 11 Course, your assessments will typically include: <ul style="list-style-type: none"> • Written exams • Project Management practical tasks • Final Prelim exam 	In the Year 12 Course, your assessments will typically include: <ul style="list-style-type: none"> • Project Management practical tasks • Written assessment tasks. • Trial HSC
<i>What does the HSC Exam look like for this subject?</i>	
The HSC exam for this subject involves: <ul style="list-style-type: none"> • Will be first assessed in HSC 2025. • The HSC examination will be 2 hours and 30 minutes undertaken using a computer.. 	
<i>What will students find challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Lots of theory that is very subject specific. • Strong language skills needed. • That this is a technology Course, not solely a computing Course. • Note: this course replaces the old Information Processes and Technology course (IPT) but covers a broader range of content, techniques, and technologies at a more demanding academic level. 	<ul style="list-style-type: none"> • Enjoy knowing how hardware and software technology work with each other. • You would like to develop collaboration, communication, personal and team skills necessary to ensure that an information systems solution is appropriate for the needs of the users. • You would like to learn about related issues such as project management, documentation, and user interfaces

Subject: Food Technology

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Students will develop knowledge and understanding about the production, processing and consumption of food, the nature of food and human nutrition and an appreciation of the importance of food to health and its impact on society. Skills will be developed in researching, analysing and communicating food issues, food preparation and the design, implementation and evaluation of solutions to food situations.</p> <p>In order to meet the course requirements students must learn about food availability and selection, food quality, nutrition, the Australian food industry, food manufacture, food product development and contemporary food issues.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Food Availability and Selection (30%) • Food Quality (40%) • Nutrition (30%). 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • The Australian Food Industry (25%) • Food Manufacture (25%) • Food Product Development (25%) • Contemporary Nutrition Issues (25%)
<i>How is this subject assessed in school?</i>

<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • 20 multiple choice • 6 Short Answer • 3 structured extended responses • 1 extended response question 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Specific subject terminology • Misconception/misunderstanding that it is a practical subject. There is a balance of both practical and theory 	<ul style="list-style-type: none"> • You are interested in the Australian Food Industry, food trends, food marketing and nutrition • You are interested in careers that are related to the above such as dietician, nutritionist, food technologist, food microbiologist, naturopath

Subject: Geography

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Geography engages students in an investigation of the biophysical and human aspects of the world in which we live. Geography offers students the opportunity to delve into a study of global and domestic issues and see things from a number of differing perspectives and views. Geography is a truly universal discipline that covers various dimensions such as sustainability, interconnections, politics, economics and culture

<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Biophysical interactions- an analysis of the 4 spheres and their role in the creation and transformation of the world's ecosystems • Geographical challenges- an inspection into the challenges our society faces now and, in the future, • A Senior Geography Project- A personal geographical investigation into an area of personal interest 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Ecosystems at Risk- A study into the factors that are placing our world's ecosystems at risk and management solutions • Urban Places- An investigation into the challenges faced by our ever-growing mega cities and the influence of the world cities globally • People and Economic Activity- An examination into the process of tourism and the economics behind Taronga Zoo
--	--

How is this subject assessed in school?

<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • A Senior Geography Project • Topic test • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Topic test • Skills test • Research Extended Response • Trial HSC exam
--	---

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- Section I- Multiple Choice
- Section II- Short Answers
- Section III- Two Extended Responses

<p><i>What have past students found challenging about this subject?</i></p>	<p><i>You might love this subject if...</i></p>
<ul style="list-style-type: none"> • Picking a subject for the Senior Geography Project, the skills developed throughout the research project far outweigh the initial challenges. • Keeping up to date with the current affairs and events within Australia and globally • Thinking outside the box and thinking of solutions to difficult, complex issues 	<ul style="list-style-type: none"> • You're interested in current events and world issues. • You enjoy debating different points of view and investigating solutions. • You want to understand the issues that shape your life and become a global citizen that is informed and capable of making responsible decisions

Subject: Legal Studies

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Students of Legal Studies Stage 6 will develop an understanding of legal concepts and the way the law functions in our society. The syllabus focuses on the way in which law is generated, how it is structured and how it operates in Australian and international contexts. Learning about our legal system will allow students to investigate the way our society operates and the influences that shape it.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • The operations of the Australian and International legal systems • The law reform process • Rights and responsibilities • How legal disputes are resolved • Technology and the law 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Crime • Human Rights • Family Law • Consumer Law
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • In-class test • Extended Response • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • In-class test • Extended Response • Trial HSC exam
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • Section I- Multiple Choice • Section II- Short Answers and an Extended Response • Section III- Two Extended Responses 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • It can feel like there's a lot of information to remember. There's a lot of legislation, cases and specific details • For best outcomes, the subject requires keeping up to date with news and current affairs - if you don't have time/have no interest in that and want a class where you can just regurgitate info without extra research, you may find it challenging 	<ul style="list-style-type: none"> • You're interested in current events. • You're interested in learning how the legal system operates. • You enjoy class discussion and debating ideas and issues.

Subject: Mathematics Standard

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 2hrs 30min

What will I be doing in the course?

The Mathematics Standard Course, is focused on enabling students to use mathematics effectively, efficiently and critically to make informed decisions in their daily lives. It provides students with the opportunities to develop an understanding of, and competence in, further aspects of mathematics through a large variety of real-world applications for a range of concurrent HSC subjects.

<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Algebra • Measurement • Financial Maths • Statistical Analysis 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Algebra • Measurement • Financial Maths • Statistical Analysis • Networks
--	--

How is this subject assessed in school?

<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • An in-class test • An assignment or investigation-style project • Final Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • In-class tests • An assignment or investigation-style project • Final HSC Trial exam
--	--

What does the HSC Exam look like for this subject?

The HSC for this subject involves:

- 15 multiple choice questions
- 85 free-response marks

<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • As with all mathematics courses it is a content- heavy course which requires students to complete regular homework to achieve their potential 	<ul style="list-style-type: none"> • This course is designed to present mathematics which is practical and can be readily applied in real life situations • This course is suited to students who are not necessarily wishing to follow a STEM pathway but recognise the need to have solid mathematical skills for their future.

Subject: Mathematics Advanced

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

The Mathematics Advanced Course is aimed at those students who have demonstrated general competence in the skills of Stage 5 Mathematics, an understanding of and competence in some further aspects of mathematics, which are applicable to the real world.

IMPORTANT: Assumed Knowledge

The Mathematics course assumes that students have successfully completed the Year 10 Stage 5.3 Mathematics course. In particular, strong algebraic skills are assumed knowledge. Due to the content-heavy nature of the course there is limited time for students to review previous content and for some students this has negatively impacted their results.

Students without the necessary Stage 5.3 mathematical background who are determined to study this course are advised to consult the Head Teacher Mathematics as soon as possible to organise adequate preparation material.

In the Preliminary Course, you will study:

- Working with Functions
- Trigonometry and Measure of Angles
- Trigonometric Functions and Identities
- Introduction to Differentiation
- Logarithms and Exponentials
- Probability and Discrete Probability Distributions

In the HSC Course, you will study:

- Graphing Techniques
- Trigonometric Functions and Graphs
- Differential Calculus and the Second Derivative
- Integral Calculus
- Modelling Financial Situations
- Descriptive Statistics and Bivariate Data Analysis
- Random Variables

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- In-class tests
- An assignment or investigation-style project
- Final Preliminary Exam

In the HSC Course, your assessments will typically include:

- In-class tests
- An assignment or investigation-style project
- Final HSC Trial exam

What does the HSC Exam look like for this subject?

The HSC for this subject involves:

- Multiple choice questions (10 marks)
- Free Response (90 marks)

What have past students found challenging about this subject?

- As with all mathematics courses it is a content-heavy course which requires students to complete regular homework to achieve their potential.
- This is a calculus-based course with lots of mathematically challenging concepts and problems to solve

You might love this subject if...

- You enjoy the more traditional mathematical skills seen in algebra, trigonometry, and geometry.
- You enjoy solving challenging mathematical problems.
- This course is suited to students who are wishing to follow a STEM pathway

Subject: Mathematics Extension 1

Number of units: 1	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 2 hrs
<i>What will I be doing in the course?</i>	
<p>The content of the Mathematics Extension course and its depth of treatment indicate that it is intended for students who have demonstrated a mastery of the skills of Stage 5 Mathematics and who are interested in the study of further skills and ideas in mathematics. The course is intended to give these students a thorough understanding of and competence in aspects of mathematics, including many which are applicable to the real world. It has general educational merit and is also useful for concurrent studies of science, industrial arts and commerce.</p>	
<i>IMPORTANT: Assumed Knowledge</i>	
<p>The Mathematics Extension course assumes that students have successfully completed the Year 10 Stage 5.3 Mathematics course to a high level. Students wishing to study this course should have achieved an A or a B in their Year 10 Stage 5.3 Mathematics reports. Due to the content-heavy nature of the course there is limited time for students to review previous content and for some students this has negatively impacted their results. Students without the necessary Stage 5.3 mathematical background who are determined to study this course are advised to consult the HT Mathematics as soon as possible to organise adequate preparation material.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Further Work with Functions • Polynomials • Inverse Trigonometric Functions • Further Trigonometric Identities • Rates of Changes • Working with Combinatorics 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Proof by Mathematical Induction • Introduction to Vectors • Trigonometric Equations • Further Calculus Skills • Applications of Calculus • The Binomial Distribution
<i>How is this subject assessed in school?</i>

<i>What does the HSC Exam look like for this subject?</i>	
There is no HSC Exam for this course.	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> This is a new course offered in 2022 	<ul style="list-style-type: none"> This course may include students who are yet to demonstrate achievement of the HSC minimum standard in numeracy. Students who have already met the HSC minimum standard in numeracy are better placed studying Mathematics Standard or Advanced in Year 11. The course will support students to meet the HSC minimum standard in numeracy.

Subject: Modern History

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Modern History engages students in an investigation of the forces, ideas, movements and developments that have shaped the modern world, based on the analysis and interpretation of sources. It offers students the opportunity to examine the role and motivations of key individuals and groups, and how they have shaped the world politically, economically, socially and culturally.

In the Preliminary Course, you will study:

- Investigating Modern History
 - The nature of Modern History
 - Case Studies, including the Decline and Fall of the Romanovs and The Cuban Revolution
- Historical investigation
- The Shaping of the Modern World- WWI

In the HSC Course, you will study:

- Core Study: Power and Authority in the Modern World 1919-1946, including Nazi Germany
- National Studies- Russia
- Peace and Conflict- Conflict in Indochina
- Change in the Modern World- US Civil Rights

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Extended Responses
- Source analysis
- Oral presentation
- Preliminary Exam

In the HSC Course, your assessments will typically include:

- Source analysis
- Extended Responses
- Trial HSC Exam

What does the HSC Exam look like for this subject?

The HSC Exam for this subject involves:

- Section I- Short Answer source analysis
- Section II- Extended Response
- Section III- Extended Response
- Section IV- Extended Response source analysis

What have past students found challenging about this subject?

- Students who have previously studied the Modern History course have been challenged by the heavy course-content. Despite that, good organisation and time management have enabled these students to prepare successfully for assessments, exams and achieve their desired outcomes.

You might love this subject if...

- You are interested in key movements and ideologies
- You are curious about the human struggle, how and why world events happened and their significance
- You want to critically analyse information
- You want to understand the world today

Subject: Music 1

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No. Core piece and 3 Electives
HSC Exam: Yes (including aural skills)	Length of HSC Written Exam: 1 hr

What will I be doing in the course?

Overview: students will study the concepts of music through the learning experiences of performance, composition, musicology and aural within the context of a range of styles, periods and genres, including popular music. Year 7 Music is sufficient for entry, you do not need to do Year 9 and 10 music for this course.

In the Preliminary Course, you will study:

- Three topics from a wide topic list.
- Choose electives from performance, composition and musicology.
- All students are required to play one piece (called CORE) even if they choose Composition or Musicology Electives.
- The preliminary course is marked internally by the school.

In the HSC Course, you will study:

- Three topics (either 3 new topic, or 2 new and 1 Yr11 topic in greater depth.
- Core studies in performance, composition, musicology and aural.
- Select three electives from any combination of performance, composition and musicology, representing each of the three topics studied in the course.
- Composition elective students will be required to compile and submit a portfolio of work as part of the process of preparing a submitted work.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Musicology Research and Viva Voce
- Presentation of performances representing your topics
- Composition representing your topics
- Preliminary Examination (internal)

In the HSC Course, your assessments will typically include:

- Musicology research and Viva Voce
- Presentation of performances representing your topics
- Composition representing your topics
- HSC Examination (external)

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

Aural written exam of one hour with musical concept responses to four short pieces of Music.

A Core Performance

Three Electives (any combination of Musicology, Performance or submitted Composition)

What have past students found challenging about this subject?

- Deciding on suitable performance repertoire
- Developing performance skills on their chosen instrument.
- Overcoming performance nerves.

You might love this subject if...

- You love Music
- You can play an instrument or sing or you would like to learn
- You are interested in a career involving Music

Subject: Music 2

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes (performance, aural skills, musicology and composition)	Length of HSC Written Exam: 1.5 hrs

What will I be doing in the course?

Overview: This course is designed for students who have considerable musical experience and are currently playing an instrument/singing. Students should have a knowledge of music notation and the ability to extend their aural skills.

Students selecting Music 2 have a formal background in music, have developed music literacy skills and have some knowledge and understanding of musical styles.

Specific skills required for Music 2 include:

- sight-singing,
- melodic and rhythmic dictation,
- score analysis, and
- an instrumental or vocal major from a suggested fourth grade AMEB equivalent level.

This subject has the option to study Extension Music in Yr 12 (1 extra unit)

<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Music from 1600-1900 (Mandatory Topic) • Additional Topic (selected to suit the class' strengths) 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Music of the Past 25 Years (Mandatory Topic) • Additional Topic (selected to suit the class' strengths)
---	---

How is this subject assessed in school?

<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Performance, including sight-singing • Musicology • Composition • Aural Skills 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Performances, including sight-singing • Essay • Composition and Portfolio • Aural Exam
---	---

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- Core Performance from Mandatory Topic
- Core Composition (this is compulsory)
- Elective – Performance, Musicology Essay, Composition
- 1.5 hours written examination

Continued next page

<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none">• Musicology essays• Score analysis• Developing aural skills	<ul style="list-style-type: none">• Exploring composition and different musical styles including jazz & music theatre.• You have a formal musical background.• Performed in band or orchestras.• Look towards studying music at a tertiary level.

Subject: Personal Development, Health and Physical Education (PDHPE)

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview:

In the Preliminary Course, you will study:

The Preliminary Course, examines a range of areas that underpin health and physical activity. This includes current thinking about health and physical activity, the management of personal health and the basis of how the body moves. Students have the opportunity to select two options from a range of practical options in areas such as first aid, outdoor recreation, composing and performing and fitness choices.

In the HSC Course, you will study:

The focus is on major issues related to Australia's health status and factors that affect physical performance. Two optional study areas are studied from a range of choices including investigating the health of young people, groups experiencing health inequities, improving performance and safety, advanced approaches to training and concepts of sports medicine. There is also an opportunity to think critically about the factors that impact on sport and physical activity in Australian society.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Two in class assessment tasks
 - Written Test
 - Research and Analysis Report
- Preliminary Examination

In the HSC Course, your assessments will typically include:

- Written In class task
- Research Task
- Performance Analysis and Report
- Trial HSC Exam

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- 20 Multiple Choice
- Short Answer Questions worth 40 marks
- Extended Responses for TWO study options. Two questions for each Option studied, with a total of 20 marks for each option and 40 marks for the section. The first question is usually 8 marks and can be broken down into 2 parts. The highest mark for an extended response is 12 marks.

What have past students found challenging about this subject?

- This subject contains a lot of content, with very minimal practical components
- Performance skills ARE NOT assessed in this course
- Time management

You might love this subject if...

- You are interested in health behaviours and factors influencing health
- You like learning about how the body systems work
- You want to learn how to manage and prevent injuries in a first aid setting
- You are interested in the energy systems and principles of training
- You want to understand how to design and implement training plans to improve performance
- You are interested in how psychology, nutrition and recovery can affect performance

Subject: Physics

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Physics involves the study of matter and its motion through space and time, along with related concepts that include energy and force. Physics deals with the study of phenomena on scales of space and time – from nuclear particles and their interactions up to the size and age of the Universe. This allows students to better understand the physical world and how it works, appreciate the uniqueness of the Universe, and participate in navigating and influencing the future. It also enables students to apply Working Scientifically skills processes to examine physics models and practices and their applications.

In the Preliminary Course, you will:

Develop knowledge and understanding of fundamental mechanics. This will be through the study of the following modules:

- Kinematics
- Dynamics
- Waves and thermodynamics
- Electricity and magnetism

In the HSC Course, you will:

Develop knowledge and understanding of advanced mechanics and electromagnetism through the following modules:

- Advanced mechanics
- Electromagnetism
- The nature of light
- From the Universe to the Atom

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- A Practical / Written Task in class
- A Research / Written Task in class
- Final Preliminary Examination

In the HSC Course, your assessments will typically include:

- A Practical / Investigation Task in class
- Written Tasks in class
- Trial HSC Examination

What does the HSC Exam look like for this subject?

- Section I – 20 Multiple Choice
- Section II – 10 to 15 questions where at least two items will be worth 7-9 marks

What have past students found challenging about this subject?

- mathematical problem solving
- the language of Physics
- challenging theories and concepts

You might love this subject if...

- you enjoy experiments and practical investigations
- you like problem solving
- you enjoy understanding how things work and discovering really big ideas (try the Universe)

Subject: Society and Culture

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes	Length of HSC Written Exam: 2 hrs

What will I be doing in the course?

Overview: Society and Culture is the study of human societies and how people interact with each other. You will learn about why people act in particular ways and the things that influence their behaviour, like gender, access to technology and their belief systems both on an individual level and in the wider world. You will be developing an understanding of yourself, your society and culture and the culture of others.

In the Preliminary Course, you will study:

- The Social and Cultural World
- Personal and Social Identity
- Intercultural Communication

In the HSC Course, you will study:

Core

- Personal Interest Project
- Social and Cultural Continuity and Change

Depth studies

TWO to be chosen from the following:

- Popular Culture
- Belief Systems and Ideologies
- Social Inclusion and Exclusion
- Social Conformity and Nonconformity

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Research task including personal reflection and interview or questionnaire
- In depth study of another culture of your choice

In the HSC Course, your assessments will typically include:

- Secondary research and primary research organisation (interviews, questionnaires)
- Planning for your PIP
- Analysis of a current social issue

What does the HSC Exam look like for this subject?

The HSC Exam for this subject involves:

- Personal Interest Project (40%)
- Section I- Multiple Choice and Short Answers
- Section II- Two Extended Responses broken into two parts

What have past students found challenging about this subject?

- Learning to think for yourself and not being given heaps of notes to rote learn
- Some do not like gathering information from interviews, observation, statistics and questionnaires instead of just googling things on the internet (but you do that too)
- The year 12 PIP is challenging, especially choosing what to research over a long period but it can be really rewarding

You might love this subject if...

- You are interested in the world and its people and want to learn to live without judgement, to analyse media and mainstream opinion, to be aware of your own bias and prejudice, to form your own views.
- You want to get a head start on how to manage time and do in-text referencing and other academic writing techniques
- You prefer to discuss issues rather than use textbooks every lesson

Subject: Studies of Religion 1 Unit

Number of units: 1	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 1.5 hrs

What will I be doing in the course?

Overview: Studies of Religion promotes an understanding and critical awareness of the significance of religion and the influence of belief systems and religious traditions on individuals and within society.

Note that this is NOT an extension subject. It is half of the number of topics from Studies of Religion II. You cannot study both Studies of Religion I and Studies of Religion II.

In the Preliminary Course, you will study:

- The Nature of Religion
- Two of:
 - Buddhism
 - Hinduism
 - Islam

In the HSC Course, you will study:

- Religion in Australia post-1945
- Two of:
 - Buddhism (Dalai Lama, Environmental Ethics, Temple Puja or Pilgrimage)
 - Hinduism (Gandhi, Environmental or Sexual Ethics, Pilgrimage or Marriage)
 - Islam (Rabi'a or A'isha, Sexual Ethics, The Hajj)

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Presentation
- Research essay
- Preliminary Examination

In the HSC Course, your assessments will typically include:

- Presentation
- Research essay
- Trial HSC exam

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- Section I- Multiple Choice and Short Answers
- Section II- Short Answers with three parts and stimulus
- Section III- Extended Response with stimulus

What have past students found challenging about this subject?

- Trying to understand complex religious concepts.
- Having empathy for different beliefs, ethics, and practices
- Learning the terminology from other languages

You might love this subject if...

- You enjoy learning about different cultures, their beliefs, and practices.
- You enjoy trying to 'put yourself in someone's shoes' and explain ideas from their perspective.
- You enjoy debating big philosophical ideas

Subject: Studies of Religion 2 Unit

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs
<i>What will I be doing in the course?</i>	
Overview: Studies of Religion promotes an understanding and critical awareness of the significance of religion and the influence of belief systems and religious traditions on individuals and within society.	
In the Preliminary Course, you will study: <ul style="list-style-type: none"> • The Nature of Religion and Beliefs • Religions of Ancient Origin • Hinduism • Buddhism • Islam • Religion in Australia pre-1945 	In the HSC Course, you will study: <ul style="list-style-type: none"> • Religion in Australia post-1945 • Religion and Non Religion • Buddhism (Dalai Lama, Environmental Ethics, Temple Puja or Pilgrimage) • Hinduism (Gandhi, Environmental or Sexual Ethics, Pilgrimage or Marriage) • Islam (Rabi'a or A'isha, Sexual Ethics, The Hajj) • Religion and Peace (Buddhism & Islam)
<i>How is this subject assessed in school?</i>

<ul style="list-style-type: none"> • Trying to understand complex religious concepts. • Having empathy for different beliefs, ethics and practices. • Learning the terminology from other languages. 	<ul style="list-style-type: none"> • You enjoy learning about different cultures, their beliefs, and practices. • You enjoy trying to 'put yourself in someone's shoes' and explain ideas from their perspective. • You enjoy debating big philosophical ideas.

Subject: Textiles and Design

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes	Length of HSC Written Exam: 1.5 hrs
<i>What will I be doing in the course?</i>	
<p>Overview: Textiles and Design reflects the important role that textiles play in society. Textiles protect, provide comfort, have social meaning, respond to cultural influences and perform a range of necessary functions in the textiles industry and other industries. Technological and practical skills are developed and enhanced through the use of textile-related technologies, including those that are computer-based. The concept of design elements and principles, as being both functional and aesthetic and as part of the creative design process, are examined within the specialised field of textiles.</p>	
<p>In the Preliminary Course, you will study:</p> <ul style="list-style-type: none"> • Design (40%) • Properties and Performance of Textiles (50%) • The Australian Textiles, Clothing, Footwear and Allied Industries (ATCFAI) (10%). 	<p>In the HSC Course, you will study:</p> <ul style="list-style-type: none"> • Design (20%) • Properties and Performance of Textiles (20%) • The Australian Textiles, Clothing, Footwear and Allied Industries (10%) • Major Textiles Project (50%).
<i>How is this subject assessed in school?</i>	
<p>In the Preliminary Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Design Project No.1 - Practical • Design Project No.2 - Practical • Oral Report • Preliminary exam 	<p>In the HSC Course, your assessments will typically include:</p> <ul style="list-style-type: none"> • Study - Australian Textile Industry (Seafolly) • Oral - Major textiles project • Diary - MTP sections • Trial HSC Exam
<i>What does the HSC Exam look like for this subject?</i>	
<p>The HSC exam for this subject involves:</p> <ul style="list-style-type: none"> • 10 multiple choice • 3 Short Answers • 2 Extended Responses 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Specific subject terminology • Working independently and meeting stringent deadlines set by NESA • Need to be able to manage time and occasionally stay for extra classes out of school time 	<ul style="list-style-type: none"> • You are interested in fashion, design, technology • You are interested in challenging yourself through creativity • You are interested in all aspects of textiles - apparel, non-apparel, furnishings, textiles arts, costume • Interested in a related career: designer (fashion, costume, etc), TAS teacher, patternmaker, textile scientist)

Subject: Visual Arts

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes (50% of mark)
HSC Exam: Yes	Length of HSC Written Exam: 1.5 hrs

What will I be doing in the course?

Overview: Visual Arts involves students in art making, art criticism and art history. Students explore various expressive forms, media and techniques to develop their own artworks, culminating in a Body of Work in the HSC course. Students critically and historically investigate artworks, critics, historians, traditions and times.

In the Preliminary Course, you will study:

- The nature of practice in art making, art criticism and art history;
- The role and function of artists, artworks, the world and audiences in the art world;
- The different ways the visual arts may be interpreted and how students might develop their own informed points of view and understanding through investigations of different expressive forms;
- Ways in which to develop meaning and interest in their artworks;
- Building understanding over time through various investigations and through working in different expressive forms.

In the HSC Course, you will study:

- Further developing their practice in art making, art criticism and art history.
- Developing informed points of view in increasingly independent ways and using different interpreting frameworks in their investigations
- Further relating concepts of the art world involving artists, artworks, the world and audiences in the art world;
- Using these experiences to further develop interest and meaning in their own work.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- An artwork or small body of work each term
- Art Diary Documentation
- In-class Exam
- Prelim Exam

In the HSC Course, your assessments will typically include:

- Body of Work prototype development and Diary documentation
- In Class Essay and Body of Work feedback
- Body of Work feedback and progress mark
- Trial Exam

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- Section 1: Three short answer questions relating to unseen artworks.
- Section 2: One essay. Essay question is selected by the students from a range of six in the exam and written on artists they have studied.
- Major work worth 50% of total HSC Mark

Subject: Work Studies

Number of units: 1 or 2	NESA Developed: No
ATAR: No	Major Work: No
HSC Exam: No	Length of HSC Written Exam: No exam

What will I be doing in the course?

Work Studies is a NESA Endorsed Course, which means it can count towards your Preliminary Certificate or HSC but cannot count towards an ATAR. This course is appropriate for students who have likely chosen a non-ATAR pathway and are interested in seeking work or further vocational training after high school. The aim of the Work Studies syllabus is to enable young people to develop the skills, knowledge, understanding and confidence to allow them to experience a successful transition from school to work and further education and training.

In the Preliminary and HSC Course, you will develop:

- knowledge and understanding of work, the work environment and skills for employment
- knowledge and understanding of employment options, career management, life planning and further education and training
- skills for success in the workplace
- skills in critically assessing personal and social influences on individuals and groups

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Presentations, interviews and portfolio-style tasks

In the HSC Course, your assessments will typically include:

- Presentations, interviews and portfolio-style tasks

What does the HSC Exam look like for this subject?

There is no HSC Exam for this course.

What have past students found challenging about this subject?

- N/A – Work Studies is an accessible course designed to meet the needs of all students, regardless of their ability and future goals.

You might love this subject if...

- You are interested in a hands-on, practical approach to important life skills, such as writing a resume and preparing for job interviews.
- You would like to develop personal attributes that contribute to success in the workplace.
- You would like opportunities for work-relevant training, and guidance about how to find employment in the future.

LANGUAGES

In this section you will find information regarding:

- Eligibility requirements for different courses
- The languages offered at **Burwood GHS**
- The language options available through **NSW School of Languages**
- The language options available through the **Secondary College of Languages**

The languages offered onsite at BGHS include:

- Chinese
- French
- Indonesian
- Italian
- Japanese
- Korean

Eligibility Requirements for Languages

To be eligible for a course, students are required to meet **all the criteria** at the entry point to that course. For determining eligibility, speakers of dialects and variants of a language are speakers of the standard language.

Courses	Target Candidature	Eligibility Criteria
[Language] Beginners	Students are learning the language as a second (or additional) language. Students either have no prior spoken or written knowledge or experience of the language, or their experience is derived solely from, or is equivalent to, study of the language for 100 hours or less in Stage 4 or Stage 5.	<ul style="list-style-type: none"> • Students have had no more than 100 hours' study of the language at the secondary level (or the equivalent). • Students have little or no previous knowledge of the language. For exchange students, a significant in-country experience (involving experiences such as homestay and attendance at school) of more than three months renders a student ineligible.
[Language] Continuers Where there are [Language] in Context and/or [Language] and Literature courses	Students are learning the language as a second (or additional) language. Students typically have studied the language for 200–400 hours at the commencement of Stage 6. <i>(In languages where Extension courses are offered, the Extension courses are available to HSC Continuers course candidates only.)</i>	<ul style="list-style-type: none"> • Students have had no more than one year's formal education from the first year of primary education (Year 1) in a school where the language is the medium of instruction. • Students have had no more than three years residency in the past 10 years in a country where the language is the medium of communication.
[Language] in Context Where there is a [Language] and Literature course	Students typically have been brought up in a home where the language is used, and they have a connection to that culture. These students have some degree of understanding and knowledge of the language. They have received all or most of their formal education in schools where English (or another language different from the language of the course) is the medium of instruction. Students may have undertaken some study of the language in a community, primary and/or secondary school in Australia. Students may have had formal education in a school where the language is the medium of instruction up to the age of 10.	Students have had no formal education in a school where the language is the medium of instruction beyond the year in which the student turns 10 years of age (typically Year 4 or 5 of primary education).
[Language] and Literature	Students have a cultural and linguistic background in the language.	No eligibility criteria

¹ Formal education is 'education provided in the system of schools... that normally constitute(s) a continuous "ladder" of full-time education for children and young people...' (UNESCO International Standard Classification of Education, 1997).

Subject: Chinese Beginners

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes (Written & Oral)	Length of HSC Written Exam: 2.5 hrs

What will I be doing in the course?

Overview: Chinese Beginners is for those students who have no prior learning in Chinese or have less than 100 hours of formal learning. Students who study this course, must not have completed the Year 9/10 Chinese elective or its equivalent, subject to the eligibility requirements.

Students will develop the linguistic and intercultural knowledge and understanding, and the speaking, listening, reading and writing skills to communicate in Chinese. Topics studied through two interdependent perspectives, *the personal world* and *the Chinese-speaking communities*, provide contexts in which students develop their communication skills in Chinese and their knowledge and understanding of language & culture.

In the Preliminary and HSC Courses you will study:

- | | |
|---|---|
| <ul style="list-style-type: none"> Family life, home and neighbourhood People, places and communities Education and work | <ul style="list-style-type: none"> Friends, recreation and pastimes Holidays, travel and tourism Future plans and aspirations. |
|---|---|

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- conversation tasks in Chinese with the teacher
- reading short texts in Chinese and responding to questions in English about the texts
- listening to simple texts in Chinese and responding to questions in English
- writing short to mid-length texts in Chinese

In the HSC Course, your assessments will typically include:

- more in-depth conversations in Chinese with the teacher
- reading short to mid-length texts in Chinese and responding to questions in English about the texts
- listening to more complex texts in Chinese and responding to questions in English
- writing texts of varying length in Chinese

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- a 5-minute conversation with an examiner in Term 3 of the HSC year
- a written paper consisting of three parts:
 - listening to about 9 texts in Chinese and responding in English
 - reading between 6 and 9 texts of varying length in Chinese and responding in English
 - writing varied length responses in Chinese to questions phrased in English and Chinese.

What have past students found challenging about this subject?

- It is a compressed acceleration course and moves quickly through topics
- Reading and writing Chinese characters can pose a challenge unless you practise daily.

You might love this subject if...

- You enjoy fast-paced learning and language learning
- You are up for a mental and cultural challenge
- You have a desire to work/travel various parts of the world.
- You enjoy learning more about other cultures and the world, becoming a global citizen
- You are interested in Chinese culture, food, history, geography, etc

Subject: Chinese Continuers

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes (Written & Oral)	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Chinese Continuers is for those students who have some background learning in the subject. That is, students who have studied Chinese as an elective in years 9 and 10, subject to the eligibility requirements.

The Preliminary and HSC courses are studied through themes and associated topics. Students' skills in, and knowledge of, Chinese will be developed through tasks associated with a range of texts and text types, which reflect the themes and topics. Students also will gain an insight into the culture and language of Chinese-speaking communities through the study of a range of texts.

In the Preliminary and HSC Courses you will study:

Themes:

- The Individual (personal identity, education & aspirations, recreation & leisure, travel experiences)
- Chinese-speaking Communities (history & culture, lifestyles)
- The Changing World (youth issues, the world of work, tourism & hospitality).

Students' language skills are developed through tasks such as:

- conversations
- responding to an aural stimulus
- responding to a variety of written material
- writing for a variety of purposes
- studying Chinese culture through texts.

In the HSC course students also have the option of undertaking a **1-unit Extension** course in this subject which involves a text analysis and discussion of key issues.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- topic-based conversation tasks in Chinese with the teacher
- reading a variety of topic-based texts in Chinese and responding to questions in English and/or Chinese about the texts
- listening to various topic-based texts in Chinese and responding to questions in English
- writing texts of varying length in Chinese

In the HSC Course, your assessments will typically include:

- more in-depth conversations in Chinese with the teacher
- reading more challenging texts in Chinese and responding to questions in English and/or Chinese about the texts
- listening to more complex texts in Chinese and responding to questions in English
- writing texts of varying length and complexity in Chinese

For Extension:

- planning and presenting a monologue in Chinese
- reading extracts from the prescribed text and responding in English and Chinese
- essay writing in Chinese

Continued next page

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- a 10 minute conversation with an examiner in Term 3 of the HSC year
- a written paper consisting of three parts:
 - **Listening** to about 8 texts in Chinese **and responding** in English
 - **Reading** two extended texts in Chinese **and responding** in English
 - **Reading** a text in Chinese and responding in Chinese
 - **Writing** one short and one extended response in Chinese to questions phrased in English and Chinese.

For the Extension course:

- a 3 minute monologue in Chinese after 7 minutes planning in Term 3 of the HSC year
- a 2 hour written paper consisting of two sections:
 - Response to prescribed text – short answer responses in English; one extended response creative writing in Chinese
 - Writing in Chinese – writing an extended response in Chinese about one of the prescribed issues

What have past students found challenging about this subject?

- It requires ongoing and constant revision.
- The oral exam is an interview in Chinese.
- It is continuous learning from Stage 5
- The monologue component in the Extension course

You might love this subject if...

- You are interested in Chinese culture, food, history, geography, etc
- You are up for a challenge and enjoy language learning.
- You want to continue to develop your Chinese proficiency.
- You want to work/travel various parts of the world.
- For Extension, you want to explore some contemporary issues in Chinese

Subject: Chinese in Context

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: Yes
HSC Exam: Yes (Written & Oral)	Length of HSC Written Exam: 2.5 hrs

What will I be doing in the course?

Overview: Chinese in Context is offered for those students who may regularly use Chinese but were typically raised in Australia and all or most of their schooling has been taught in English, subject to eligibility requirements.

The Preliminary and HSC courses have a focus on the study of **Issues** (listed below). The students' intercultural and linguistic skills, knowledge and understanding of Chinese will be developed through the study of a range of texts related to the Issues, viewed from one or more of the three **Contexts** (Social and Community Settings, Contemporary Literature and Arts, and Media). In the HSC course, students will explore in depth an area of interest related to one of the Issues through the major work of the **Personal Investigation**.

In the Preliminary and HSC Courses you will study:

Issues -

- Young people and their relationships
- Traditions and values in a contemporary society
- The changing nature of work
- The individual as a global citizen
- Chinese identity in the international context

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Responding to texts – listening and reading texts of varying length and responding in Chinese and English
- Creating texts in Chinese – writing extended texts
- Oral interacting – speaking about your Personal Investigation

In the HSC Course, your assessments will typically include:

- Responding to texts – listening and reading more challenging texts of varying lengths and responding in Chinese and English
- Creating texts in Chinese – writing extended texts with more sophistication
- Oral interacting – speaking in depth about your Personal Investigation

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- An interview in Chinese with an examiner based on the student's Personal Investigation
- A written paper consisting of two parts:
 - Responding to texts – listening, reading and responding in Chinese and English
 - Creating texts in Chinese – writing an extended text

What have past students found challenging about this subject?

- A precise analysis of the texts in either Chinese or English

You might love this subject if...

- You want to explore your identity as a Chinese Australian

Subject: Chinese And Literature

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: This is designed for those students who have a cultural and linguistic background in Chinese. They will generally have been born in China and moved to Australia at some point during high school. There are no eligibility requirements for this course.

In the Preliminary Course, you will study:

In the Preliminary course, students will develop their knowledge and understanding of Chinese through the study of language texts, prescribed themes and contemporary issues.

- the individual and the community
- youth culture
- Chinese communities overseas
- global issues

In the HSC Course, you will study

In the HSC course, students will continue to develop their knowledge and understanding of Chinese through the study of prescribed texts, prescribed themes, and contemporary issues.

- the individual and the community
- youth culture
- Chinese communities overseas
- global issues

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Spoken exchanges in Chinese
- Written exchanges in Chinese
- Listening and responding – texts in Chinese and responses in English and Chinese
- Reading and responding – texts in Chinese and responses in English and Chinese
- Writing in Chinese

In the HSC Course, your assessments will typically include:

- Lengthier spoken exchanges in Chinese
- Extended written exchanges in Chinese
- Listening and responding – more sophisticated texts in Chinese and responses in English and Chinese
- Reading and responding – more sophisticated texts in Chinese and responses in English and Chinese
- Writing more sophisticated texts in Chinese

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- a written paper in three parts:
 - Listening & responding – listen to 2 texts in Chinese and respond in English and Chinese
 - Reading & responding – read 3 texts in Chinese and respond in English and Chinese
 - Writing – 1 extended writing task in Chinese

What have past students found challenging about this subject?

- It requires essay writing involving higher order thinking skills

You might love this subject if...

- You appreciate the aesthetic aspects of Chinese literature.
- You wish to further explore your Chinese identity

Subject: French Beginners

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes (Written & Oral)	Length of HSC Written Exam: 2.5 hrs

In the Preliminary and HSC Courses you will study:

- | | |
|---------------------------------------|------------------------------------|
| ▪ Family life, home and neighbourhood | ▪ Friends, recreation and pastimes |
| ▪ People, places and communities | ▪ Holidays, travel and tourism |
| ▪ Education and work | ▪ Future plans and aspirations. |

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- Topic-based conversation tasks in Indonesian with the teacher
- Reading topic-based short texts in Indonesian and responding to questions in English about the texts
- listening to simple topic-based texts in Indonesian and responding to questions in English
- writing short to mid-length texts in Indonesian

In the HSC Course, your assessments will typically include:

- in-depth conversations in Indonesian with the teacher
- reading short to mid-length texts in Indonesian and responding to questions in English about the texts
- listening to more complex texts in Indonesian and responding to questions in English
- writing texts of varying length in Indonesian

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- a 5 minute conversation with an examiner in Term 3 of the HSC year
- a written paper consisting of three parts:
 - listening to about 8 texts in Indonesian and responding in English
 - reading between 6 and 9 texts of varying length in Indonesian and responding in English
 - writing varied length responses in Indonesian to questions phrased in English and Indonesian.

What have past students found challenging about this subject?

- it is a compressed acceleration course and moves quickly through topics
- the oral exam is an interview

You might love this subject if...

- you enjoy fast-paced learning and language learning
- you are up for a mental and cultural challenge
- you have a desire to work/travel various parts of the world
- you enjoy learning more about other cultures and the world, becoming a global citizen
- you are interested in Indonesian culture, history, geography, design, etc

Subject: Indonesian Continuers

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes (Written & Oral)	Length of HSC Written Exam: 3 hrs

What will I be doing in the course?

Overview: Indonesian Continuers is for those students who have some background learning in the language, subject to eligibility criteria. That is, students who have studied Indonesian as an elective in Years 9 and 10, or its equivalent.

The Preliminary and HSC courses are studied through themes and associated topics. Students' skills in, and knowledge of, Indonesian will be developed through tasks associated with a range of texts and text types, which reflect the themes and topics. Students will also gain an insight into the culture and language of Indonesian-speaking communities through the study of a range of texts.

Themes:

- The Individual (personal identity, education & aspirations, recreation & leisure, travel experiences)
- Indonesian-speaking Communities (history & culture, lifestyles)
- The Changing World (youth issues, the world of work, tourism & hospitality).

Students' language skills are developed through tasks such as:

- conversations
- responding to an aural stimulus
- responding to a variety of written material
- writing for a variety of purposes
- studying Indonesian culture through texts

In the HSC course students also have the option of undertaking a **1 unit Extension** course in this subject which involves a text analysis and discussion of key issues.

How is this subject assessed in school?

In the Preliminary Course, your assessments will typically include:

- topic-based conversation tasks in Indonesian with the teacher
- reading a variety of topic-based texts in Indonesian and responding to questions in English and/or Indonesian about the texts
- listening to various topic-based texts in Indonesian and responding to questions in English
- writing texts of varying length in Indonesian

In the HSC Course, your assessments will typically include:

- more in-depth conversations in Indonesian with the teacher
- reading more challenging texts in Indonesian and responding to questions in English and/or Indonesian about the texts
- listening to more complex texts in Indonesian and responding to questions in English
- writing texts of varying length and complexity in Indonesian

For Extension:

- planning and presenting a monologue in Indonesian
- reading extracts from the prescribed text and responding in English and Indonesian
- writing more complex and long responses in Indonesian

Continued next page

What does the HSC Exam look like for this subject?

The HSC exam for this subject involves:

- a 10 minute conversation with an examiner in Term 3 of the HSC year
- a written paper consisting of three parts:
 - **Listening** to about 8 texts in Indonesian **and responding** in English
 - **Reading** two extended texts in Indonesian **and responding** in English
 - **Reading** a text in Indonesian **and responding** in Indonesian
 - **Writing** one short and one extended response in Indonesian to questions phrased in English and Indonesian.

For the Extension course:

- a 3 minute monologue in Indonesian after 7 minutes planning in Term 3 of the HSC year
- a 2 hour written paper consisting of two sections:
 - Response to prescribed text – short answer responses in English; one extended response creative writing in Indonesian
 - Writing in Indonesian – writing an extended response in Indonesian about one of the prescribed issues

What have past students found challenging about this subject?

- It requires ongoing and constant revision
- The oral exam is an interview
- It is continuous learning from Stage 5
- The monologue component in the Extension course

You might love this subject if...

- You are interested in Indonesian culture, history, geography, design, etc
- You are up for a challenge and enjoy language learning
- You want to continue to develop your Indonesian proficiency
- You want to work/travel various parts of the world
- For Extension, you want to explore some contemporary issues in Indonesian

LANGUAGES @ NSW SCHOOL OF LANGUAGES

The NSW School of Languages offers a variety of languages that are not available at BGHS, some at Beginners level. See below for a full list of Year 11 and 12 language courses available. Studying a language at NSL is the same as doing it by correspondence. Students have their own NSL teacher who expects units of work to be completed online, corrects and returns work, and gives feedback to the student. Once a term students also go in to the NSL to attend a face-to-face lesson day with their teacher and other students in the same course. Students' return of work is supervised via the Languages Faculty at BGHS. Students are expected to complete their NSL work during study periods. The NSL has strict rules of admission as well as limited places available.

This method of study is not always suitable for everyone, so we insist that electives are studied at BGHS as well as the NSL subjects for at least one week before deciding to continue.

Students are not eligible to apply for language study at the NSL if that language is offered at BGHS.

Students must sign an eligibility declaration for Beginners courses and undergo an eligibility test for Continuers and 'In Context' courses in Asian languages.

NSL application forms will be available in Term 3 from Mr Kent, and these outline the fee payable for the course.

Year 11 and 12 languages available through the NSW School of Languages (*subject to change)

LANGUAGES @

SECONDARY COLLEGE OF LANGUAGES

The Secondary College of Languages (SCL) is a government secondary school which operates on Saturdays in 16 high school centres in and around Sydney. The SCL gives students the opportunity to study their background language when that language is not available at their own school. Students must already have knowledge and reasonable fluency in that language. Students may apply for SCL from Years 7 to 12. Application forms are available from Mr Kent in the Languages staffroom.

Website: <http://www.sscl.schools.nsw.edu.au/>

Students must attend the closest centre to their home that offers their language. Classes run each Saturday morning for three hours and usually start at 8:30 am. Below is a full list of languages available and teaching centres for SCL. Some Continuers courses also run through SCL specifically for students from that language background. *Subject to change

LANGUAGE	CENTRES
Arabic	Arthur Phillip HS, Birrong GHS, Liverpool BHS, Smiths Hill HS.
Armenian	Chatswood HS.
Chinese *see note below	Birrong BHS, Chatswood HS, Kogarah HS, Smiths Hill HS, Strathfield GHS, The Hills Sports HS.
Croatian	Liverpool BHS.
Filipino	Bankstown GHS.
Hindi	The Hills Sports HS.
Italian	Strathfield GHS.
Japanese In Context	Chatswood HS.
Khmer	Liverpool GHS.
Korean *see note below	Chatswood HS, Strathfield GHS.
Macedonian	Bankstown GHS, Kogarah HS, Smiths Hill HS
Maltese	The Hills Sports HS.
Modern Greek	Ashfield BHS, Kogarah HS, The Hills Sports HS.
Persian	Arthur Phillip HS.
Polish	Ashfield BHS, Chatswood HS, Liverpool GHS.
Portuguese	Petersham (NSL).
Punjabi	The Hills Sports HS.
Russian	Chatswood HS
Serbian	Liverpool GHS, Smiths Hill HS.
Spanish	Ashfield BHS, Chatswood HS, Kogarah HS, Liverpool GHS, The Hills Sports HS.
Tamil	Liverpool GHS
Turkish	Arthur Phillip HS, Petersham (NSL).
Vietnamese	Birrong BHS, Liverpool BHS, Petersham (NSL).

*** In Years 11 and 12:**

- The **Chinese and Literature Course** is available at all centres except Smiths Hill HS.
- The **Chinese in Context Course** is available at Chatswood HS, Kogarah HS, Birrong HS, Smiths Hill HS and Strathfield GHS centres, subject to sufficient numbers.
- The **Korean and Literature Course** is available at Strathfield GHS subject to sufficient numbers.

Please contact Mr Edward Kent in the Languages Department for further information.

Vocational Education and Training

In this section you will find:

- General information about Vocational Education
- The VET courses offered at **Burwood GHS**
- The Board Determined VET options available at TAFE
- The Board Endorsed VET options available through TAFE

The Vocational Education courses offered onsite at BGHS include:

- Hospitality (Food and Beverage)
- Hospitality (Kitchen Operations)
- Entertainment Industry
- Financial Services
- Sports Coaching

Vocational Education and Training (VET) Courses

General Information

Vocational Education and Training (VET) courses are offered as part of the Higher School Certificate (HSC) or Record of School Achievement (RoSA). VET courses are designed to deliver **workplace-specific skills and knowledge** and cover a wide range of careers and industries. VET courses for secondary students are developed by the NSW Educational Standards Authority (NESA) and are based on **national training packages**.

VET courses allow students to gain both HSC or RoSA qualifications and a qualification recognised throughout Australia as part of the Australian Qualification Framework (AQF). These **qualifications are widely recognised by industry, employers and tertiary training providers and Universities** and will assist students to move to various education and training sectors and employment.

Public Schools NSW, Ultimo is accredited as a Registered Training Organisation (RTO) to deliver and assess VET qualifications to secondary students.

VET courses **contribute to the calculation of the Australian Tertiary Admission Rank (ATAR)**. These courses have an **HSC examination (optional but when used for ATAR students must sit the examination)**. Students wishing to include a VET Course, in the ATAR calculation must sit the HSC examination.

NESA Developed VET courses have specified workplace requirement and include **industry specific mandatory work placement (70 hours)** or simulated workplace hours at school as specified by NESA.

NESA Endorsed VET Courses do count towards the HSC or RoSA but do not have HSC examinations therefore can't count in the calculations of the ATAR. NESA Endorsed VET Courses have mandatory or recommended industry specific work placement. At BGHS, these courses are only offered through TAFE (they are not offered at school).

Assessment in all VET courses is **competency based**. The student is assessed on what they can do (the skills) and what they know (the knowledge) that will equip them in the workplace. Students who have successfully achieved competency will have the skills and knowledge to complete workplace activities in a range of different situations and environments, to an industry standard of performance expected in the workplace.

Competency-based assessment materials are designed to ensure each learner has achieved all the outcomes (skills and knowledge) to the level of the qualification. **Competency-based training is based on performance standards that have been set by industry.**

Students will receive documentation showing the competencies achieved for the VET Course, undertaken.

Due to the specific requirements of a VET Course, it is **recommended students speak to the VET Coordinator or Careers Adviser** before choosing The course to ensure they are fully aware of the requirements.

Subject: Entertainment Industry (VET)

Number of units: 2	NESA Developed: Yes
ATAR: Yes	Major Work: No
HSC Exam: Yes (though optional)	Length of HSC Written Exam: 2 hrs
<i>What will I be doing in the course?</i>	
Overview: Entertainment Industry is a VET course	
In the Preliminary Course, you will study: <ul style="list-style-type: none"> • Safety • Audio • Vision • Customer Service 	In the HSC Course, you will study: <ul style="list-style-type: none"> • Staging • Lighting • Working in the Entertainment Industry & Workplace
<i>How is this subject assessed in school?</i>	
In the Preliminary Course, your assessments will typically include: <ul style="list-style-type: none"> • White Card Training • Practical tasks • Written tasks • Yearly Exam 	In the HSC Course, your assessments will typically include: <ul style="list-style-type: none"> • Practical tasks • Written tasks • Trial Exam
<i>What does the HSC Exam look like for this subject?</i>	
The HSC exam for this subject involves: <ul style="list-style-type: none"> • 15 Multiple choice • Short Answer • 1 Structured Extended Response and 1 Extended Response 	
<i>What have past students found challenging about this subject?</i>	<i>You might love this subject if...</i>
<ul style="list-style-type: none"> • Working under pressure • Multitasking • Time management • Working long hours during events 	<ul style="list-style-type: none"> • You are passionate about being a member of production crew for live performances • You are excited about completing a week long work placement in an entertainment industry work environment

2024 Entertainment Industry Course Descriptor Statement of Attainment towards CUA30420 Certificate III in Live Production and Technical Services OR CUA30420 Certificate III in Live Production and Technical Services RTO - Department of Education - 90333, 90222, 90072, 90162			
<i>This information may change due to Training Package and NSW Education Standards Authority (NESA) updates. Notification of variations will be made in due time with minimal disruption or disadvantage.</i>			
Course: Entertainment Industry Board Developed Course (240 hour) (Statement of Attainment course) Or (300 hour) 240 hour + 60 specialisation study (Certificate III in Live Production and Technical Services (delete if not delivering))	2 or 4 Preliminary and/or HSC units in total Industry Curriculum Framework (ICF) -Australian Tertiary Admission Rank (ATAR) eligible course 2, 4 or 5 Preliminary and/or HSC units in total (delete if not delivering)		
By enrolling in this VET qualification with Public Schools NSW RTOs, you are choosing to participate in a program of study which will provide you a pathway towards HSC accreditation and a nationally recognised qualification (dual accreditation). To receive this VET qualification, you must meet the assessment requirements of CUA30420 Certificate III in Live Production and Technical Services https://training.gov.au/Training/Details/CUA30420 . You will be expected to complete all requirements relevant to the HSC and adhere to the requirements of NESA. To gain this full qualification, you must achieve 15 units of competency. A statement of attainment towards the qualification is possible if at least one unit of competency is achieved.			
<p>Entry Requirements</p> <p><i>You must complete the VET enrolment process, supplying your USI and be assessed for learning support (eg LLN Robot) before the commencement of any training and assessment. HSC: All My Own Work must be completed before enrolling in this qualification. When selecting this course you should be interested in working in an entertainment environment and be able to use a personal digital device including a personal computer or laptop.</i></p>

VOCATIONAL EDUCATION COURSES OFFERED AT TAFE

A brief description is given here of TAFE delivered VET Courses. For full descriptions and further details obtain a copy of the *TVET Course, Guide 2022* available from the Careers Adviser, or visit <http://www.sydneytafe.edu.au/tvet>. Students undertaking TVET programs will receive advance standing (credit) for many post-school TAFE courses, because students also receive a TAFE certificate or statement.

Points to consider before choosing a TAFE delivered course

- There is no expectation that students select a TVET course. Consultation with the Careers Adviser and the Subject Selection team will guide students in determining whether this is the best path.
- Lessons typically run once a week for four hours and are equivalent to three normal school lessons.
- Be aware that in winter students can expect to go home in darkness.
- School transport passes are NOT generally valid whilst travelling to and from TAFE. Seek advice from the railway station manager or bus driver as to eligibility.
- TAFE terms do not always coincide with school terms and occasionally lessons run during school holidays and/or on school development (pupil free) days.
- Attendance is compulsory and TAFE reports any student absences to the school.
- TAFE courses are not “recreational” courses. The learning environment is an adult one with high expectations
- **IMPORTANT: Students undertaking TVET courses should do so for educationally sound reasons only. Enrolling in a non-ATAR TVET Course, (instead of an ATAR TVET course) to downgrade your school subject load at a later stage is not a valid reason. To do so would be disadvantageous because it could reduce your subject program flexibility in Year 12, and could compromise your ATAR. Enrolling in a non-ATAR Course, because you are aspiring to undertake an apprenticeship/or career is a valid reason.**

1) TVET Courses (TAFE Delivered, usually Tuesday afternoons) – ATAR

Only 2 units of these courses may be included in calculation of ATAR after 2 years + HSC examination. Where students are undertaking Hospitality and/or Entertainment at school as well as a TAFE ATAR Course, only one of those subjects can count towards the ATAR, both however can be taken for the HSC. In such cases your Year 12 program will need to be 12 units to achieve an ATAR.

Course	Description	ATAR
Automotive	This course is for students seeking the knowledge and skills to gain employment as service mechanic trainees or as motor mechanic apprentices in the automotive service and repair industry.	Yes
Business Services	The business service industry provides clerical and administrative support to commerce, industry, government and the professions. Skills gained in this industry are also useful in other occupations.	Yes
Construction	This course allows students to develop the broad range of skills and knowledge appropriate for entry level workers in either general construction or civil construction.	Yes
Electrotechnology (Sustainable Energy)	This course is for students who want to pursue a career in sustainable energy technology and sustainable energy management.	Yes
Entertainment <i>(In-school as well as TAFE)</i>	This course is for students who want to train or work in the production side of the entertainment industry. Entertainment offers training opportunities to students who are interested in performance and events; dance and drama, lighting and sound, staging and set design and dealing with patrons and professionals.	Yes
Financial Services	This course covers a basic understanding of the financial services industry and reflects the job roles of entry-level employees working across the entire financial services industry.	Yes
Hospitality	This Course, is for students interested in learning the skills suitable for employment in the tourism and hospitality industry including interpersonal, communication and customer service skills. In addition to learning the skills required for working in a commercial kitchen, other areas covered include how to prepare rooms for guests, table settings, service areas, espresso coffee and non-alcoholic beverages.	Yes
Information Technology	Operating: computer hardware, printers, scanners, computing packages, desktop applications, commercial packages, databases, spreadsheets, graphics and integrating packages and applying conversion formats.	Yes
Human Services (Health Services Assistance) <i>(TAFE or Concord Hospital, Rozell and Canterbury Hospital)</i>	This course is for students interested in learning the skills that underpin work in a health care environment, such as infection control, first aid and communication in a health workplace.	Yes
Retail	This course is designed to provide students with a range of skills and knowledge suitable for employment in the retail industry, and university and other tertiary study.	Yes
Tourism Travel and Events (Event Coordination)	Designed for students who are interested in working as a festival manager, sports events manager, arts events manager or corporate events manager. The course provides a learning pathway to the Diploma of Event Management and a degree.	Yes

2) TVET Courses (TAFE Delivered) – NO ATAR

These courses cannot be included in calculation of ATAR. Subjects may include the ones listed below. Normally taught Tuesday/Wednesday afternoons 1:30pm – 5:30pm.)

Course	Description	ATAR
Acting	Learn how to use voice, script and direction	No
Animal Studies	This course is for students who are interested in working with a range of companion animals or as animal care and welfare officers or animal attendants.	No
Arts (Visual) in either: a) Creative Arts b) Jewellery and Object Design c) Photography d) Ceramic e) Concept Art	This course is for students who want to develop skills in a) visual or fine arts and may wish to pursue career opportunities through self-employment or work in studios, or related areas like gallery assistance and art sales or b) three-dimensional design or c) art photography or d) working with clay and ceramics or e) area of concept art for digital media/storyboarding.	No
Automotive (Airbrushing)	Students progress through a series of skills that result in the completion of a basic airbrushed artwork at the end of each lesson.	No
Automotive (Motorcycles)	This course is for students interested in working in the motorcycle maintenance and repair industry	No
Aviation (Aircraft Operation, Theory)	This course is for those wishing to be a pilot, air traffic controller, or work in other areas of aircraft operation.	No
Baking Retail	This course is for students who wish to gain entry level skills in the baking industry.	No
Beauty (Retail Make-Up and Skin Care or Beauty (Nail Tech))	These courses are for students interested in working in the make-up industry or as a nail technician. Students will be able to perform the appropriate technical and business skills.	No
Community Services - (Children's Services 1 or 2 years) and /or Youth Work (1 year)	This course provides students with an introduction to child care. Students will acquire some of the skills and knowledge of working with children/youth in the childcare industry/youth sector	No
Computer Aided Drafting (CAD)	Students gain the skills and knowledge necessary to produce computer aided drafting (CAD) drawings.	No
Construction (Floor and Wall Tiling)	This course allows students to develop the broad range of skills and knowledge appropriate for entry level workers in the wall and floor tiling industry.	No
Dental Assisting	Provides knowledge and skills to assist a dentist or dental hygienist.	No
Design Fundamentals (3D Animation)	This course introduces students to the essential knowledge, skills and digital techniques that are fundamental to the work of 3D artists and animators working in fields such as film and TV production, games development and visualisation.	No
Design Fundamentals (Architectural Technology)	Develop understanding of building design industries using software.	No
Design Fundamentals (Digital Design)	This course is for students interested developing understanding of digital design in interactive media and digital design industries.	No
Design Fundamentals (Fashion Design)	This course is suitable for students with creative ability who are interested in pursuing a career in the fashion industry. The course is practical and involves drawing, painting and designing clothes.	No
Design Fundamentals (Graphic Design)	This course is for students interested in learning the basic principles of, and fundamental skills in graphic design.	No
Design Fundamentals (Interior Design)	This course is designed to provide a basic understanding and skills for students interested in pursuing a career in Interior Design.	No
Design Fundamentals (Drawing and Illustration)	This course is for students interested in learning the basic principles of, and fundamental skills in design and illustration for graphic design.	No

Course	Description	ATAR
Design Fundamentals (Production Design, Film Theatre, Events)	This course is for students interested in learning the principles of entertainment and event design.	No
Driver Education	Assists students in passing licence road knowledge test.	No
Fashion Design and Technology	This course is for students who are interested in the fashion industry. Students acquire and apply fundamental, creative, practical skills and knowledge of textile products and fashion garments.	No
Floristry	This course is for students who want to work under the supervision of a trained florist to care for displays of cut flowers and potted plants, and help trained florists to serve customers.	No
Hairdressing	This course provides students with the knowledge, skills and attitudes needed to find entry-level work in the hairdressing industry.	No
Information Digital Media & Technology	This course provides the foundation skills and knowledge to use information and communication technology (ICT).	No
Laboratory Skills – Intro to Forensics	This course is for students who are interested in scientific practical skills including forensic lab investigations.	No
Maritime Operations (Coastal Coxswain)	This course is for students seeking work as a general deckhand or command of a commercial vessel of less than 12 metres in length. Students should have sufficient recreational boating experience that is recognised by a state maritime regulatory authority.	No
Marketing	For those interested in careers in marketing, public relations and advertising.	No
Media Journalism	This course is for students who are interested in acquiring journalistic skills to assist in obtaining employment or for further study.	No
Media (TV/New Media Production)	This course aims to provide an introduction to digital direction, script writing and editing for the film and TV industry.	No
Media (3D Game Development)	This course aims to develop skills and knowledge to design 3D games.	No
Music Industry (Introduction)	This course is for students seeking to develop a broad understanding and the basic skills and knowledge of the music industry suitable for entry-level employment.	No
Plumbing	This course is for students who wish to enter into an apprenticeship in plumbing trades or work in other areas of the plumbing industry.	No
Property Services (Agency)	Property Services is for students seeking registration with the Department of Fair Trading to work in a real estate agency and for students seeking a career in property management, sales and support.	No
Screen Printing	This course is for students interested in gaining the skills necessary to work in the screen printing industry. It will also suit those students with an interest in graphic design.	No

Tourism Australia Indigenous Culture	This course is for students who want to work in tourism that delivers Australian Indigenous experiences.	No
Media TV and Radio Presentation	This course is for students who want to work in broadcast media and learn the basics of becoming a television and radio presenter.	No

Notes:

To ensure TAFE receives TVET applications by the due date, applications need to be submitted to the Careers Adviser at least one week prior to the TVET closing date.

There are new procedures for TAFE enrolment. Students interested in a TAFE Course, should see the Careers Adviser for enrolment instructions.

Courses can be deleted at the beginning of the year if there are insufficient enrolments.

Other courses may become available and will be notified by the Careers Adviser.

TAFE Launchpad *NEW*

From 2022, NSW TAFE will be offering a range of 'virtual' courses that will be completed online under their new 'Launchpad' program.

TAFE NSW Schools Launchpad is a different way to think about school and TAFE-delivered Vocational Education and Training (TVET). These 20 virtual courses combine teacher-led virtual classrooms with workshops and work placements across a range of exciting career areas within growth industries.

Undertaking these subjects requires a high degree of independent learning. Students will need to have demonstrated that they can work independently on these subjects, with the final decision for undertaking these subjects decided by Deputy Principal, Ms Alvarado.

All students wishing to undertake these courses should talk to Mr Hegedus.

More information can be found on the TAFE website: <https://www.tafensw.edu.au/launchpad>

Or on the BGHS Subject Selection website:

<https://burwoodgirlshs.wixsite.com/bghssubjectselection>

HSC FOR STUDENTS WITH SPECIAL NEEDS

Students with special education needs such as Asperger's, Autism, significant difficulties with learning and/or organisational skills, are able to gain the Higher School Certificate using a combination of:

- NESAs Developed Courses and/or
- NESAs Endorsed Courses (including Content Endorsed Courses) and/or
- TAFE Delivered V.E.T. Courses
- NESAs Developed Life Skills Courses (2 units)

The following subjects have Life Skills options:

Course	Units	ATAR
English Life Skills	2 in Year 11 and 12	No
Mathematics Life Skills	2 in Year 11 and 12	No
Personal Development, Health & Physical Education Life Skills	2 in Year 11 and 12	No
Citizenship & Society Life Skills	2 in Year 11 and 12	No
Science Life Skills	2 in Year 11 and 12	No
Creative Arts Life Skills	2 in Year 11 and 12	No
Technological & Applied Studies Life Skills	2 in Year 11 and 12	No
Work & Community Life Skills	2 in Year 11 and 12	No

Students who wish to access Life Skills courses for the Higher School Certificate will participate in the development of an Individual Transition Plan (ITP) to address how the student's study will assist transition from school to adult life.

The ITP is developed in conjunction with the school's Learning Support Team, the student and the parent/ guardian and is an ongoing process throughout the Preliminary and HSC year.

Glossary

Assessments	School assessments are marks that describe a student's achievement in the given Course, relative to those of the other students in the school.
Australian Tertiary Admission Rank (ATAR)	<p>The Australian Tertiary Admission Rank (ATAR) is a rank calculated by the universities. It is a number between 0 and 99.95 that indicates a student's academic ranking based on their HSC performance in the state.</p> <p>The ATAR is used to assist universities to select students. There is no concept of passing or failing with the ATAR.</p>
NESA Developed Course	NESA Developed courses are courses which have been developed by NESA. They are examined externally at the Higher School Certificate examination.
Category A, B Course	<p>NESA Developed courses are classified by the universities as Category A or Category B. The universities allow <u>no more than two units</u> of Category B courses to be included in the calculation of the ATAR.</p> <p>Category B courses include all V.E.T. framework courses.</p>
NESA Endorsed Course	Designed by NESA. They appear on the HSC, are not HSC examinable and do not contribute to the ATAR.
Course	A course is a program of study within a subject. For example, courses within the subject of Music are: Music Course 1 and Music Course 2.
Framework Course	NESA Developed courses based on national industry competency standards.
Higher School Certificate	The Higher School Certificate (HSC) is an exit certificate that marks the completion of 13 years of schooling. It is awarded and released by NESA.
NESA	NESA (NSW Educational Standards Authority) awards certificates to students who comply with the Act and the NESA's rules. https://educationstandards.nsw.edu.au/wps/portal/nesa/home
Preliminary & HSC Course	Each 2 unit NESA Developed Course, is divided into a Preliminary Course, and an HSC course. Students must satisfactorily complete the Preliminary Course, before undertaking the HSC course.
RoSA	Record of School Achievement.
Subject	A subject is the general name given to an area of study; some subjects have more than one course.
TAFE	Technical and Further Education
T.V.E.T.	TAFE-delivered Vocation Education and Training (see V.E.T.).
Unit	Each course is divided into units of study. Most courses are of 2 unit value, but it is possible to take more than two units in some subjects. There are some 1 unit courses.
V.E.T. Course	Vocation Education and Training courses are dual accredited. They are recognised by industry and NESA for the HSC and are competency based.

INTRODUCTORY NOTES: HSC VET INDUSTRY CURRICULUM FRAMEWORK COURSES

Industry Curriculum Framework (ICF) courses

- An Industry Curriculum Framework course, studied as part of the HSC, enables students to acquire a range of technical, personal and organisational skills valued both within and beyond the workplace.
- Students receive a nationally recognised Australian Qualifications Framework (AQF) credential on successful completion of a course.
- The examination mark from one Industry Curriculum Framework VET course, or Accounting, Automotive, Electrotechnology and Human Services may be included in the calculation of a student's Australian Tertiary Admission Rank (ATAR).

Assessment

School based assessment

- VET courses are competency based. This requires students to develop the competencies, skills and knowledge described by each unit of competency.
- Students must demonstrate to a qualified assessor that they can effectively carry out the various tasks to the standard required in the appropriate industry to be assessed as competent.

HSC examination (optional)

- The optional Higher School Certificate (HSC) examination for Industry Curriculum Framework (240 hours) courses will involve a written examination made up of multiple-choice items, short answers and extended response items.
- The examination is independent of the competency-based assessment undertaken during the course and has no impact on the eligibility of a student to receive AQF qualifications or HSC.

Work placement

- Students in Industry Curriculum Framework courses **must** complete work placement of up to 70 hours for a 2 unit x 2 year Course (240 hours). Additional hours are required for any extension courses - typically 35 hours for 120 hours of HSC credit.

School based part-time traineeships

- A school based traineeship prepares students for a career in a particular industry, provides a training wage and skills training both on-the-job and off-the-job at school, TAFE NSW or a private training provider.
- Traineeships are available in a range of HSC VET courses, including all Industry Curriculum Frameworks except Construction.
- A school based traineeship can be completed while students are still at school as part of the HSC.

At Burwood Girls High School

- Students in VET courses have access to language, literacy and numeracy assistance through the Learning Support Team and the English as a Second Language program.
- Flexible learning and assessment procedures apply for students with special needs and/or circumstances through the School Counsellor or the Learning Support Team.
- The Burwood Girls High School Student Welfare Policy (including disciplinary procedures) applies to students studying VET courses.
- Appeals and complaints by students may be made to their teachers, Head Teachers or the VET Coordinator. Further appeals procedures are available in the Vocational Education and Training Handbook for the Sydney Region Registered Training Organisation.
- Procedures are in place to recognise prior learning or current competencies in VET courses. Students should discuss the issues with their teachers and provide the appropriate qualifications for verification. Application forms are available to request recognition of prior learning from the Sydney Region Registered Training Authority. Recognition of prior learning is also available for work placement for students who currently work in the associated industry.

The school careers adviser or school VET coordinator has more information on VET courses and school based part-time traineeships.
